## Proceedings of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

### LEGISLATIVE DEPARTMENT.

*Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal, assembled under the provisions of the Indian Councils Acts, 1861 and 1892.*

THE Council met in the Council Chamber on Saturday, the 2nd December, 1905, at 11 A.M.

Present:

The Hon'ble SIR ANDREW FRASER, K.C.S.I., Lieutenant-Governor of Bengal, *presiding*.
The Hon'ble MR. L. HARE, C.I.E.

The Hon'ble MR. J. D. NIMMO.
The Hon'ble MR. SYED SHURFUDDIN.

### NEW MEMBERS.

The Hon'ble MR. E. W. COLLIN and the Hon'ble MR. SYED SHURFUDDIN took their seats in Council.

## QUESTIONS AND ANSWERS.

### DEVELOPMENT OF INDIGENOUS INDUSTRIES.

The Hon'ble MR. CHAUDHURI, in the absence of the Hon'ble BABU AMBIKA CHARAN MAZUMDAR, asked:—

Is it or is it not a fact that Government is strongly in favour of the development of indigenous industries in this country? If it is, will the Government be pleased to take some action in view of the impetus given by the Swadeshi movement—

(*a*) to develop the weaving industry by introducing and popularising the fly-shuttle and other looms through the agency of the various District Boards and Municipalities?

(*b*) to introduce and facilitate the cultivation of cotton through the same agencies or through the Government Khas Mahal Department in each district?

The Hon'ble MR. CARLYLE replied:—

"Government is in favour of the development of indigenous industries in this Province. Whether the Swadeshi movement in Bengal has given any real impetus to the development of indigenous industries it is too early to judge. A scheme for the establishment of a school at Serampore for the teaching of improved methods of hand-weaving in silk, cotton and wool has been submitted to the Government of India. It is anticipated that this scheme, if sanctioned, will give the District Boards and Municipalities an opportunity of showing their interest in the matter. It will be seen from the annual resolution regarding the working of District Boards in Bengal of the last three years that everything possible is being done to introduce and popularise the fly-shuttle and other looms through the agency of District Boards. As regards the cultivation of cotton, this has been dealt with in the reply to another question by the Hon'ble Babu Ambika Charan Mazumdar."

### GROWTH OF COTTON IN BENGAL.

The Hon'ble MR. CHAUDHURI, in the absence of the Hon'ble BABU AMBIKA CHARAN MAZUMDAR, asked:—

Will the Government be pleased to inquire whether it is not desirable to start a few model farms in Bengal for the cultivation of cotton? And will the Government be pleased to consider the advisability of supplying either through its Khas Mahal Department in each district or through the District Boards good cotton seeds to *bonâ fide* cultivators who may be anxious to grow the same?

The Hon'ble MR. CARLYLE replied:—

"In connection with the proposed reorganization of the Agricultural Department, this Government has submitted to the Supreme Government a scheme for the establishment of an experimental farm in each Division of the Province. One such farm was to be established every year. It is also proposed to establish a number of demonstration or model farms gradually after the experimental farm stations have proved what lessons are likely to be useful to the raiyats. The Government of India has generally approved of these suggestions.

These experimental and demonstration farms will be for all important crops. Cotton at present is of very small importance in the Province. In 1904-1905 the area under cotton in Bengal was only 90 thousand acres out of 19 million acres in all India, or only 0·47 per cent. of the total. It is therefore not proposed to start any experimental or model farms solely for the cultivation of this crop.

The improvement of the crop in this Province has, however, engaged the attention of the Agricultural Department for sometime past. Attempts are

being made to improve the outturn and quality of the local varieties of cotton by selection of seed in the important cotton-growing districts of Saran, Muzaffarpur and Singhbhum. This was undertaken at the instance of the Government of India. Last year, the total cost of the operations came to Rs. 2,275. The selected seeds were distributed free to picked cultivators on their agreeing to simply return the same quantity of seed *plus* 25 per cent. when the next crop was harvested. The improvement of a crop by seed selection, however, is a slow process.

Attempts are also being made to introduce superior varieties of cotton from Egypt and America as also from other provinces of India. The quantities of seed distributed in 1904 and again in 1905 will appear from the Appendix. The seeds were distributed to raiyats in Khas Mahals and Wards' Estates and also to private gentlemen interested in cotton cultivation. No definite results have yet been obtained. The experiment was a failure last year owing to excessive rains during the monsoon and excessive cold in winter. The results of this year's trial have not yet been reported. Our conditions, especially rainfall, are probably against us in this attempt. It is, however, proposed to continue the experiment, but it may be well to recognise that the question is at the experimental stage, and it is too early to recommend any particular variety or varieties to the ordinary cultivators who can ill afford to take the risk of a failure."

### MINISTERIAL ESTABLISHMENTS IN MUNSIFS' COURTS.

The Hon'ble RAJA BAN BEHARI KAPUR, in the absence of the Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA, of Murshidabad, said:—

It is said that the ministerial establishments attached to the Munsifs' Courts are undermanned and overworked.

Would Government be pleased to take the matter into its kind consideration and grant the said establishments what relief, if any, they might appear to stand in need of?

The Hon'ble MR. GORDON replied:—

"The question of the work done in the offices of the Courts of the Munsifs of this Province and the establishment required for the purpose of carrying on such work with economy and expedition was investigated by a Special Commission, which submitted a report on the 31st March, 1890. Upon receipt of this report, the Government issued a circular laying down the principles upon which the establishments were to be maintained. Subsequently from time to time, at the instance of District Judges, additional establishments were sanctioned. About a year ago a further circular was addressed to District Judges empowering them to entertain additional temporary establishments on the conditions laid down in the orders of the 14th March, 1892. A similar question was asked in Council in March, 1904, and the reply then given was that the Lieutenant-Governor must look to the District Judge to inform him of any need for additional establishment in any particular district. The whole question is at present under the consideration of the Committee on the salaries of Ministerial Officers; and the Lieutenant-Governor will be glad to grant relief in any case where it may appear that there is need of it."

EXPENDITURE BY DISTRICT BOARDS FOR DRINKING-WATER.

The Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA, of Murshidabad, asked:—

Will the Government be pleased to state whether it considers the percentage of receipts expended by each District Board for the improvement of the supply of drinking-water in each district as sufficient to meet the needs of each locality?

If not, will the Government be pleased to issue instructions insisting upon its repeated orders in this respect being strictly carried out in future?

The Hon'ble MR. SHIRRES replied:—

"No such orders as the Hon'ble Member suggests have been issued by Government. Probably the reference is to the opinion expressed by Sir Charles Elliott, when reviewing the reports on the working of the District Boards in Bengal during the year 1894-95, that every District Board might properly set apart at least the sum of Rs. 5,000 a year for the improvement of water-supply.

Information regarding the expenditure in 1904-1905 will be found in paragraph 30 of the Resolution on the working of District Boards, published in the Calcutta Gazette of 22nd November, 1905. At the commencement of the current year large grants for the purpose of improving the financial position of District Boards were placed at the disposal of Commissioners of Divisions, but information regarding the expenditure is not yet available."

ENCROACHMENTS UPON PASTURE LANDS.

The Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA, of Murshidabad, asked:—

Has the Government received any complaints regarding encroachments made upon pasture lands in Bengal and the diminution of facilities for grazing cattle in the villages?

If so, will the Government be pleased to state whether it considers legislation called for for preserving in each village a sufficiently large area for purposes of pasturage only?

The Hon'ble MR. CARLYLE replied:—

"Government is aware of the fact that encroachments have been and are being made upon pasture land, and that consequently less grazing is left

for cattle. Government is not prepared at present to introduce legislation for the purpose of preserving in each village a sufficiently large area for purposes of pasturage only, as it would involve the acquisition of extensive tracts of land at a cost which would be prohibitive. Government does all in its power when settlements are made to provide for the preservation of grazing lands in villages. This, for example, was done in the case of the Orissa settlement. A clause was inserted in the *kabuliyats* binding zamindars to preserve as grazing ground plots specified in a schedule annexed to their *kabuliyats*. Under the *kabuliyats* also, they were required to take no rent or grazing charge and, if required by the Collector, to take action in the Courts to eject trespassers from these plots."

### SANSKRIT *TOLS* IN BENGAL.

The Hon'ble ASIF KADR SAIYID WASIF ALI MIRZA, of Murshidabad, asked:—

Is it a fact that there has been of late a considerable falling off in the number of Sanskrit *tols* in Bengal and of *tol*-going pupils?

If so, will the Government be pleased to state—

(*i*) whether it has under consideration any scheme to improve the present state of things, and

(*ii*) whether the Government thinks it desirable that a Commission should be appointed to inquire into and report upon the matter?

The Hon'ble MR. GORDON replied:—

"There has been a falling off in the number of Sanskrit *tols* in Bengal, and in the number of pupils attending them; the decrease, however, is confined to unrecognized *tols*. The number of recognized *tols*, *i.e.*, those which send up candidates for the Sanskrit *tol* examinations has increased; as has also the number of pupils attending them.

In the year 1900-1901 there were 480 recognised *tols* and 7,375 pupils attending them In the year 1904-1905 there were 587 recognised *tols* and 9,148 pupils attending them. There is thus an increase of 107 *tols* and 1,773 pupils attending them.

In 1900-1901 there were 1,191 unrecognised *tols* and 10,617 pupils attending them. In the year 1904-1905 there were 948 unrecognised *tols* with 8,268 pupils, showing a decrease of 243 *tols* and 2,349 pupils.

The total falling off of 576 pupils, a percentage of 3·2, does not seem to the Government to indicate a state of things necessitating the appointment of a Special Commission."

## THE BENGAL LAND REGISTRATION (AMENDMENT) BILL, 1905.

The Hon'ble MR. HARE moved that the Bill to amend the Land Registration Act, 1876, be referred to a Select Committee, consisting of the Hon'ble Mr. Gupta, the Hon'ble Asif Kadr Saiyid Wasif Ali Mirza, of Murshidabad, the Hon'ble Raja Ban Behari Kapur, the Hon'ble Babu Jogendra Nath Mukherjee and the Mover.

The Motion was put and agreed to.

## THE BENGAL COURT OF WARDS (AMENDMENT) BILL, 1905.

The Hon'ble MR. HARE also moved that the Bill to amend the Court of Wards Act, 1879, be referred to a Select Committee, consisting of the Hon'ble Mr. Gupta, the Hon'ble Raja Ban Behari Kapur, the Hon'ble Mr. Nimmo, the Hon'ble Mr. Syed Shurfuddin and the Mover. He said:—

"I do not propose to make many remarks at present. I would refer Hon'ble Members to the remarks which I made in explanation of the objects of this Bill when at last meeting I moved for leave to introduce it and to have it read. I do not think it is necessary to repeat the remarks I then made.

"The main object of the Bill is to strengthen the position of the Court of Wards and to make it more easy for the Court to carry out one of the objects for which the Court of Wards Act has been framed, *viz*, to rescue involved estates from ruin. For this purpose the Bill takes powers which are given to the Court of Wards in the Central Provinces, Madras and the Punjab and which it is proposed to take in Bombay. When the Court has had to raise money to redeem the debts of an estate, it will under the provisions of this Bill have power to retain the estate until the debts are repaid.

"Following the provisions of the Court of Wards Act in the Central Provinces power is also taken to compel submission of all claims. This is with a view to obtaining complete information before the Court decides finally whether it will undertake the management of an estate, and before it commits itself by borrowing money for the payment of debts. Further provisions are made which were explained at the last meeting of this Council and upon which it is not necessary to enlarge."

The Hon'ble MR. CHAUDHURI said:—"Sir, with reference to the Bill to amend the Court of Wards Act, I have a few observations to make. It may be in your recollection, Sir, that when this Bill was handed over to us at the last meeting of the Council and a motion was made by the Hon'ble Mr. Hare not only for leave to introduce the Bill, but also that it be read in Council, we could hardly realize the full import of the changes and innovations that were proposed to be introduced into the general law by this Bill. I therefore felt bound to remark that it would be much more convenient for us if such technical measures were circulated among the members some days before their introduction in Council—a remark with which your Honour agreed. Since then I have had the opportunity of not only reading and considering the Bill myself, but of ascertaining the views of responsible people representing different interests who are likely to be affected by some of its chief provisions, and I apprehend some of these provisions will not meet with general approval in these provinces. I refer to clauses 10 (A) and 10 (B) of the Bill which propose that on the Court of Wards assuming charge of any person or property, and the same being notified in the official Gazette, people will be required to submit their claims against the ward or his estate within six months of such notification, giving full particulars and providing all documents (including entries in the account books) in support of such claims. All claims not so submitted will be considered discharged and documents not so produced as inadmissible in evidence against the Ward in any suit by the claimant, his representatives or assigns. This no doubt favours the Ward greatly. But it trenches against the ordinary law of limitation and evidence to the prejudice of the claimants and in favour of the Ward. The classes who are most likely to be prejudicially affected by this paternal legislation on behalf of a favoured few are the toiling tradesmen, the innocent minors and the helpless members of a Hindu family who are entitled to a maintenance out of the estate. The only recommendation for the introduction of this innovation amongst us would seem to be that the clauses referred to have been taken out of the Central Provinces Court of Wards Act. But in the form of government, in the matter of laws and legislation, in point of business, social and commercial conditions, the Presidency of Bengal and the capital of India are very differently situated from the Central Provinces. Legislation, therefore, on the primitive principle of the feudal times that the wards are entitled to special protection of the State would not, I am afraid, meet with general approbation in these provinces. The tradespeople and other creditors will perhaps say that they are ordinarily too busy to keep a constant watch over the Court of Wards' notifications in the official Gazette. It is much more convenient for them to have one general law of limitation for all their debtors than to have special laws for any special class of them. The ignorant traders who never refer to an official Gazette will be still more prejudiced by the law. As for minors very few of them have legally appointed guardians, and the prospect of forfeiting their claims, on their failure to give notice within six months, is much more serious. The *Dayabhaga* law, which is peculiar to Bengal, has been very liberally construed with regard to maintenance. It entitles poor widows, daughters and other

dependent women to a subsistence out of an estate. If under the new law they fail to submit their claims within six months, they may be deprived of their food, raiment or residence. All this is not a very cheerful prospect for any of the classes concerned.

"Under such circumstances, I would suggest that this Bill should, under rule 31 (*c*), at present, only be circulated for the opinion of the Hon'ble Judges of the High Court and the public bodies in this province, and that reference to a Select Committee be deferred till such opinions are received. In case the Council should be of opinion that the Bill might, without any prejudice, be referred to-day to a Select Committee, but its deliberations regarding the classes referred to be deferred till such opinions are received, I would suggest that the name of the Hon'ble Babu Bhupendra Nath Basu be added to the Committee. My special reason for this is that the investigation of claims as contemplated by clause 10 (A) and clause 10 (B) is somewhat akin to search and similar work of which my hon'ble friend has a large experience, and I am sure that he will be able materially to assist the deliberations of the Committee and also represent the interests of the different sections of the community in connection with this Bill."

The Hon'ble BABU JOGENDRA NATH MUKHERJEE said:—"I beg leave to submit a few observations with respect to this Bill. I have had a few words with my friend who has just addressed the Council, and I am, generally speaking, in agreement with what he has said. It struck me as something very drastic to have all the creditors shut out if they cannot put in their claims within six months, and my reason for venturing to address the Council at this stage is that the Select Committee may be pleased to take these matters into their consideration when the time comes. As it has been stated, the conditions of Calcutta are somewhat different from the conditions of other great towns in the different Provinces in which this Act has been in operation for some time, and it is desirable that criticisims should be obtained from the different Provinces in which this Bill has been in operation, especially with reference to the effect the law has had upon the different classes of creditors as contemplated by the Bill.

"It seems to me that when an estate is in debt and under the management of the Court of Wards, the debts are not always of a very insignificant character. There are big bonds worth lakhs of rupees, and those bonds are generally registered documents, and in respect of those documents it will always be very easy for the Court of Wards to obtain information. It is only with reference to very small debts and small creditors that practical difficulty is likely to arise, and those are the very creditors whom it is desirable that the law should protect. Those are the creditors who do not read the Gazette and who have not the necessary information in order that they may cope with the situation which the present Bill will introduce. It is therefore desirable that the Select Committee should take these different matters into their consideration, and, as has been stated by my hon'ble friend Mr. Chaudhuri, that the opinion of the different Bodies and of the Honourable Judges of the High Court should be obtained and placed before the Select Committee for consideration. I also agree with my hon'ble friend that the name of the Hon'ble Babu Bhupendra Nath Basu should be added to the Select Committee."

The Hon'ble MR. GUPTA said:—"I simply wish to say at this stage, as I have been put on the Select Committee, that there is considerable force in the objections taken to this clause of the Bill, and that without committing myself to any opinion at present, I may assure my hon'ble friend that this matter will receive the careful consideration of the Select Committee. As the clause stands, it amounts to a confiscation of all debts which are not notified to the Court within six months after the publication in the local Gazette. The same desired effect of bringing all claims to the notice of the Court might be brought about by some provision of the law not quite so drastic as that embodied in this section, as for instance by providing in this section that all debts which are not notified to the Court of Wards within six months will cease to carry interest from a certain date, that is to say, if a man has a debt and if he does not come in when the Court of Wards wants him to come in,

and he thus allows interest to accumulate, he should not be allowed to realize that interest. That would probably be a penal provision sufficient to secure the purpose in view, namely, giving notice to the Court as early as possible of all outstanding debts due by the estate and giving the Court an opportunity of satisfying those debts as early as possible. It is impossible for us just now to say how this section may be modified; but on my part I quite appreciate the force of the objections that have been raised, and probably it would not be necessary to secure the end in view to adopt such a drastic measure as the confiscation of all debts which are not notified within six months when the general law of limitation gives them a much longer time to sue for those debts.

The Hon'ble MR. HARE said:—"I take up first the objection of the Hon'ble Mr. Chaudhuri that trades people are too busy to study Gazettes and to take notice of any notification that may be published in regard to those debts. I beg to point out that it would certainly be the case that the newspapers would be sure to bring to notice the fact that any estate was taken up, and that such a notification had been issued and that claims must therefore be sent in. This would be sure to be communicated by the newspapers who, as I have said, cater very well indeed for the information of the public. But I go beyond that. It is quite true, as the Hon'ble Babu Jogendra Nath Mukherjee has said, that the larger debts which are secured by bonds are registered, and therefore we can, and we do of course, ascertain all that can be known about them, but it is the unsecured debts that have to be ascertained. Those debts are not always very small. If they are very small, they may be treated as unimportant in the scheme of reclamation, but very often they are very large indeed. In the aggregate in a big estate which has had large transactions they are very large indeed, and if they come upon us unexpectedly, they may just make the difference between our being able to carry out the scheme or not. If we do not know about those, we do not provide for them. We endeavour to do the best we can for all parties including the creditors. But for our interference the creditors are left in the same position as they were, and the whole scheme of redemption of the estate and payment of debts has to be given up. We shall do a great deal to secure payment to the creditors. Every one knows that when an estate is heavily encumbered, it is quite impossible for the unsecured creditors to recover anything at all, or very little, because directly they move the secured creditor, whose mortgage claim takes precedence, comes in, the estate is sold subject to the mortgage which sometimes does not bring in enough to pay the secured creditor, and when there is a small balance left the unsecured creditors have to scramble for it. If we take up an estate which has debts in excess of its assets, we must consult the creditors and must know who they are. The creditors have to come in and agree to make remissions if we have not got money enough to pay them in full. I can assure Honourable Members that in every case which we have taken up, creditors have gladly assisted us, and have agreed to forego a portion of their claim, as it is to their interest to take as much as we can give them in preference to the other course of scrambling and getting nothing. Thus shewing that they as well as the proprietors appreciate our assistance, I think it is not unreasonable to expect that where creditors have large claims that they should, when they give credit to these gentlemen who run into debt in this way, ascertain something about them, and in their own interests keep a watch upon what they are doing. The proprietors cannot come into the Court secretly. It must be done publicly, and it will be perfectly well known what they are doing if they are being watched at all. I think creditors who are seriously interested in their claims can perfectly well secure and protect themselves.

"I have one remark to make with reference to what the Hon'ble Mr. Gupta has said. He said he thinks this is rather too drastic, and that possibly it will be sufficient to provide that interest shall not carry at all if they do not give us intimation. I am afraid the Hon'ble Mr. Gupta has not read the whole of clause 10A, for if he had, he would have found that in the proviso we distinctly provide for that very object. We there say that there may be cases in which it is not possible for a creditor to give us intimation, and in

that case if the Court be satisfied that the claimant was unable to comply with the provisions of sub-section (1), that is, to come in within six months, it may receive his claim at any time after the date of the expiry of the period aforesaid, but any claim so received shall cease to carry interest from the date of the expiry of the period aforesaid. The reason of that is that it is unsafe to take an estate unless we know all the debts and unless we have the power to say to the creditor, 'You have had an opportunity of coming in, and you really did or ought to have known that you must come in,' he may not come in at all and the whole scheme may be wrecked. If we cut off the interest it enables us to carry on and gradually in the course of time to pay off. If the interest continues and if we have not got the money to pay that interest, then it is only a question of time and the estate must be ruined. I do not think it is necessary to fully discuss this now, but I just meet these objections with such remarks as have occurred to me.

"As regards the claims of minors which the Hon'ble Mr. Chaudhuri has put forward, I do not know whether he puts them as minor creditors, that is to say, minors interested in claims against an estate or as members of the family. As minor creditors they have people acting for them, I suppose. We cannot possibly legislate to provide that people shall be looked after who are not under our care. I do not see what we can possibly do for them. They have probably got guardians, who must be trusted to take an interest in their affairs.

"As regards the claims of widows to maintenance, those are not claims which we are considering at all. Of course when a scheme is prepared we allow so much for debts, so much for interest which must be paid, so much for repayment of interest, so much for management and so much for the maintenance of the family. We must provide for that, it cannot escape us, and if we are not going to provide for the maintenance of the family, we may as well leave the estate alone. It is for the maintenance of the family and to save the estate as a family property that we are acting. If we cannot give anything to the families it is a case which is hopeless. Those who are entitled to maintenance are bound to be considered and their claims are the first to be considered.

"I would point out that it is not for the Select Committee to decide anything except that the principles of this measure are sound and the details are to be considered. On a future occasion after the criticisms have come in and have been fully considered by the Select Committee and by the Hon'ble Members of this Council they will be able to give us an opinion upon this Bill. There is no intention to rush this matter. The Select Committee is now formed, and the criticisms, as they come in, will go to them and will be fully considered. The Select Committee will not sit until a reasonable time has been allowed for the criticisms to arrive.

"As regards adding the Hon'ble Babu Bhupendra Nath Basu to the Select Committee, I do not object. I will be very glad of his assistance if he can help us in the matter. We thought the names that have been put before the Council as the gentlemen who were most likely to give us material assistance would be sufficient, but if you wish to put in another Member, we will make no objection."

The Motion, with the addition of the name of the Hon'ble Babu Bhupendra Nath Basu to the Select Committee, was then put and agreed to.

## THE CALCUTTA AND SUBURBAN POLICE (SUPERANNUATION FUND) BILL, 1905.

The Hon'ble MR. CARLYLE moved that the Bill to abolish the Calcutta Police Superannuation Fund be taken into consideration. He said:—"I will not detain the Council long over this Bill, and I do not think anybody will oppose the abolishing of the fund. At present all members of the Calcutta and Suburban Police drawing Rs. 20 and under have to pay half an anna in the rupee towards their pension or gratuities. The question of abolishing the

fund was considered in 1900, but it was decided not to go on with it for financial reasons. Our financial position now is such as to enable us to dispense with contributions from the Police, and it is desired that the Calcutta Police should be put on the same footing as the Provincial force in this matter, and that no deduction should be made from their pay on account of pension or gratuities. In the case of some of the officers in the Police force they get more under the present system than they would from Government. We will provide for such cases by executive order, and care will be taken that the officers will not be injured by the fund being abolished."

The Hon'ble BABU JOGENDRA NATH MUKHERJEE said:—"I beg leave to introduce a very short verbal alteration in the Bill which is a matter of description only, and I do not think there can be any doubt about the matter. Section 3 of the Bill provides that 'all sums standing to the credit of the Calcutta Police Superannuation Fund, etc.' This Fund by Bengal Act I of 1890 was not described as the Calcutta Police Superannuation Fund. It was simply described as the Police Superannuation Funds constituted respectively under section 16 of Bengal Act IV of 1866 and section 10 of Bengal Act II of 1866; so that the two Acts (II of 1866 which relates to the Suburban Police and IV of 1866 which relates to the Calcutta Police) were consolidated by this one Act (I of 1890.) The slight verbal alteration that I beg to suggest is that in the first line of clause 3, the words 'and Suburban' be inserted before the words 'Police Superannuation Fund' so that the section will run as follows: 'All sums standing to the credit of the Calcutta and Suburban Police Superannuation Fund, etc.' This insertion will also necessitate the insertion of the words 'and Suburban' in the preamble to, and in clause 1 of, the Bill."

The Hon'ble MR. CARLYLE said:—"I have no objection to make to the alteration suggested by the Hon'ble Member."

The Motion was put and agreed to.

The Hon'ble MR. CARLYLE moved that the Bill be passed.

The Motion was put and agreed to.

The Council was then adjourned to a date to be notified hereafter.

APPENDIX TO

# The Calcutta Gazette.

WEDNESDAY, DECEMBER 6, 1905.

## NOTICES TO MARINERS.

THE following Notices are published for general information.

W. A. INGLIS,
*Secretary, Marine Department.*

CALCUTTA, *the 30th November 1905.*

### ARABIA, NORTH-EAST COAST—PERSIAN GULF.

*Bushire—Red buoy replaced and improved.*

*No. 462 (first publication).*—With reference to Notice to Mariners No 428, dated 16th December 1904, and No. 155, dated 13th May 1905, and No. 416, dated 30th October 1905, the Bombay Government has given further notice (No. 94 of 1905) that the Red Buoy originally reported in a position from which White Cable House bears S 16° 33′ E., Abu Shahr Residency Flagstaff N. 65° 12′ E., and single tree N. 49° 27′ E., has been replaced and has been improved by the addition of an iron cage on its top and two breakers at the water line.

All bearings are true.

*This Notice affects Admiralty Chart:—Abu Shahr or Bushire, No. 27, and Sailing Directions, Persian Gulf Pilot, fourth edition, 1898, page 270.*

### AUSTRALIA, SOUTH—GULF OF ST. VINCENT.

*Port Adelaide river—Lights exhibited during dredging operations.*

*No. 463 (first publication).*—With reference to Notice to Mariners No. 306, dated the 12th August 1905, the President of the Marine Board, Port Adelaide, has given further notice (No. 27 of 1905) that, during the progress of Dredging Operations between the Occulting Light Buoy and No. 1 Lead, the Contractors will exhibit from the Framework of the near Lights of No. 1 Lead a White Light, lower than the Two Red Lights, and a further White Light at a distance of 50 ft. N.W. of the far Lead. This will also be lower than the Two White Lights of No. 1 Lead.

Both the above Lights will be of less power than those of the Lead.

The above Lights will be shown only when the Dredger is working.

*This affects Admiralty Charts 2389 A and B, 1750 and 1752.*

AUSTRALIA—QUEENSLAND—PORT DOUGLAS APPROACH.

*Wentworth reef—Position of buoy marking.*

*No. 464 (first publication).*—The British Admi alty has given notice (No. 1110 of 1905) that the buoy (black, surmounted by staff and flag-shaped topmark) marking Wentworth rock is now moored in a position from which port Douglas light bears N. 65° W., distant 5¼ miles, and Mount Garnoch S. 23° W.

Approximate position, lat. 16 31′ S., long. 145° 32¾′ E.

The position of this buoy is unreliable.

(*Variation 6° Easterly in 1905.*)

*This Notice affects the following Admiralty Chart :—Cape Grafton to Hope islands, No. 2924 : Also, Australia Directory, vol. II, 1898, page 339*

INDIAN OCEAN—MADAGASCAR.

*Tamatave—Rifle range established.*

*No. 465 (first publication).*—The British Admiralty has given notice (No. 1124 of 1905) that a rifle range has been established at the Lazaret, Tamatave. This range will, except for any special reason, only be used in the morning; it will also be used on every holiday, except Friday.

Half an hour before firing takes place a red flag will be hoisted and "the retreat" sounded on the bugle. On the conclusion of the practice the red flag will be hauled down. Firing will be suspended every hour for 10 minutes and also when a vessel or a boat is seen to be within the danger zone, viz, in a space comprised within about 3,300 yards in the rear of, 500 yards to the left of, and 350 yards to the right of the targets.

Approximate position, lat. 18° 9′ S., long. 49° 26′ E.

*This Notice affects Islands of the South Indian Ocean, 1904, page 106.*

EASTERN ARCHIPELAGO—BORNEO, WEST COAST.

*Pontianak river—Light-buoy and light beacons established.*

*No. 466 (first publication).*—The British Admiralty has given notice (No. 1125 of 1905) that a light-buoy, painted black, and exhibiting a *white occulting* light *every twenty seconds*, viz., light, *ten seconds;* eclipse, *ten seconds*, will be established in the approach to the river Pontianak in approximately lat. 0° 6¼′ N., long. 109° 5¼ E.

It is presumed that this buoy replaces the existing black conical near the above position.

Also, that three screw-pile light-beacons, painted white, will be established at the entrance of the river, the easternmost and the westernmost beacons will each exhibit a *white fixed* light, and the centre beacon a *white occulting* light *every twenty seconds*, viz., light, *ten seconds;* eclipse, *ten seconds*. The westernmost and easternmost beacons in line with the centre beacon will lead through the channel.

The beacons consist of a cylindrical structure on piles upon which is a small iron support from which the light is shown.

Further Notice will be given when the particulars of position, etc., have been received.

*This Notice affects the following Admiralty Charts :—China sea, No. 2660a; Eastern archipelago, No. 941a : Also, China Sea Directory, vol. II, 1899, page 39; and Supplement, 1901, page 3.*

EASTERN ARCHIPELAGO—SUMATRA, EAST COAST—PADANG STRAIT.

*Bengkalis approach—Intended light-buoy.*

*No. 467 (first publication).*—The British Admiralty has given notice (No. 1126 of 1905) that a light-buoy, painted white, and exhibiting a *white occulting* light *every twenty seconds* (light, *ten seconds*, eclipse, *ten seconds*) will be established in the fairway to Bengkalis in approximately lat. 1° 13¾′ N., long. 102° 30¼′ E.

Further Notice will be given when this light-buoy is in position.

*This Notice affects the following Admiralty Chart : —Cape Rachado to Singapore, No. 795 Also, China Sea Directory, vol. I, 1896, page 109; and Supplement, 1899, page 8.*

## CHINA SEA—Banka strait.

*Amelia bank—Intended light-buoy.*

*No. 468 (first publication).*—The British Admiralty has given notice (No. 1127 of 1905) that a light-buoy, painted in red and black horizontal bands, and exhibiting a *white occulting* light *every twenty seconds* (light, *ten seconds*; eclipse, *ten seconds*), will be established near the south-eastern edge of Amelia bank, Banka strait, in approximately lat. 2° 13¾′ S., long. 105° 17′ E.

Further Notice will be given when this light-buoy is in position.

*This Notice affects the following Admiralty Chart:—Banka strait, No. 3471: Also, China Sea Directory, vol. I, 1896, page 413; and Supplement, 1899, page 35.*

## CHINA SEA—Taiwan (Formosa).

*So o wan (Suao bay)—Rocks in approach.*

*No. 469 (first publication).*—The British Admiralty has given notice (No. 1128 of 1905) of the existence of a rock, with a depth of 4¾ fathoms over it, in the approach to So o wan or Suao bay, situated in a position from which Hokkaku (Tam sien tai) bears S. 20° W., distant 5⅔ cables, and Suao Pia S. 87° W.

Approximate position, lat. 24° 36½′ N., long. 121° 51¼′ E.

The rock shown on the Chart at a distance of 6¾ cables N. 32° E. from Hokkaku dries 2 feet, not 1 foot. A similar rock exists three-tenths of a cable to the eastward and another two-tenths of a cable to the westward of this rock.

(*Variation 1° Westerly in 1905.*)

*This Notice affects the following Admiralty Chart:—Plan of Suao bay on Chart No. 2376: Also, China Sea Directory, vol. III, 1904, page 236.*

## JAPAN—(Naikai).

*Osaka road—Light established.*

*No. 470 (first publication).*—The British Admiralty has given notice (No. 1131 of 1905) that, on 20th August 1905, a *white fixed* light, elevated 42 feet above high water, and visible in clear weather from a distance of 3 miles, was established on a white wooden pillar, 33 feet high, erected on the head of the western jetty of Amagasaki gawa, Osaka wan, at a distance of about 3 miles N. 20° W. from fort Tempo zan light.

Approximate position, lat. 34° 41¾′ N., long. 135° 23¾′ E.

(*Variation 4° Westerly in 1905.*)

*This Notice affects the following Admiralty Chart:—Kobe and Osaka, No. 16: Also, List of Lights, part VI, 1905, page 171; and Sailing Directions for Japan, etc, 1904, page 419.*

## BAY OF BENGAL—Orissa coast.

*Balasore anchoring buoy adrift.*

*No. 450 (second publication).*—A telegraphic communication has been received from the Port Officer, Cuttack and Balasore ports, stating that the Balasore anchoring buoy has gone adrift, and will be replaced as soon as possible.

## BAY OF BENGAL—Madras coast.

*Port of Madras.—Date of exhibition of South Breakwater end light.*

*No. 451 (second publication).*—The Deputy Conservator, Madras, has given notice, dated the 9th October 1905, informing Masters of vessels, Pilots and others that, on and after 1st January 1906, the present red fixed light at the South Breakwater end will be exhibited at an elevation of 45 feet instead of 37 feet above high water, and visible in clear weather 8 miles instead of 6 miles all round the compass.

## AUSTRALIA, SOUTH—Gulf of St. Vincent.

*A cheese-shaped buoy placed on the east side.*

*No. 452 (second publication).*—The President of the Marine Board, Port Adelaide, has given notice (No. 26 of 1905), that a cheese-shaped buoy, painted red, has been placed on the east side of St. Vincent Gulf, to mark the supposed position of a rock which has been reported, having on it 5 feet at L.W.S., with 9 feet all around it.

The position of the buoy is as follows —

Port Parham houses bearing E. by S, distant three miles, in 9 feet at L.W.S. tide.

Approximate lat., 34° 26′ 10″ S.; long., 138° 19′ 10″ E.

*This affects Admiralty Chart No. 2389B.*

CEYLON—South coast.

*Gindurah Rock.—The buoy marking its position has been replaced.*

*No. 453 (second publication).*—With reference to Notice to Mariners No. 375, dated the 23rd September 1905, issued by this Office, the Master Attendant, Galle, has given notice, dated 3rd November 1905, that the Red Beacon Buoy marking the position of the Gindurah Rock has been replaced. It is laid in 18½ fathoms water, coarse sand and shell, about 3¼ cables S. by W. from the rock, with Edward's Pillar midway between Galle Lighthouse and Elephant Rock, and the Haycock nearly over the Gull Rock.

The attention of Mariners is called to the remark in page 84 of West Coast of Hindostan Pilot.

*Caution.*—Too much reliance must not be placed on the buoys marking the outer dangers near Point-de-Galle, as they are liable to break adrift.

JAPAN—North west coast, Honshu.

*Nanao, north harbour.—Shoal in entrance.*

*No. 454 (second publication).*—The British Admiralty has given notice (No. 1077 of 1905) of the existence of a shoal, with a depth of 2⅓ fathoms over it at low water, about 2 cables to the southward of Fudou saki, in the entrance to Nanao North harbour, situated in a position from which the northern extremity of Oshima bears S. 52° W., distant 12⅓ cables, and Ushiga hana N. 47° W.

Approximate position, lat 37° 10¾′ N., long. 136° 59¾′ E.

The S.S. *Ranju Maru* touched on this rock.

(*Variation 5° Westerly in 1905.*)

*This notice affects the following Admiralty Chart :—Nanao harbour, No. 205; Also, Sailing Directions for Japan, &c., 1904, page 660.*

AFRICA, SOUTH-EAST COAST—Port Natal approach.

*Green point.—Light established.—Aliwal shoal.—Lights discontinued.*

*No. 455 (second publication).*—With reference to Notice to Mariners No. 276, dated 15th July 1905, issued by this Office, the British Admiralty has given further notice (No. 1078 of 1905) that, on 16th October 1905, a *white group flashing* dioptric light, showing groups of two flashes *every fifteen seconds*, would be established on Green point: it would be elevated 282 feet above high water, and visible in clear weather from a distance of 22 miles from the bearing of N. 40° E., through north and west, to S. 57° W., being obscured by the land in other directions. A *red fixed* light, elevated 248 feet above high water and visible over Aliwal shoal between the bearings of N. 68° W. and N. 38° W., would also be established. These lights are shown from the same building, which is an iron conical tower, 68 feet high, and painted in red and white bands, erected in the position of the western-most beacon on Green point, which beacon was removed for this purpose. The group flashing light has a light power of 240,000 candles, and the red fixed light is of the 4th order. The lights formerly shown at Umpambinyoni and Amahlongwana river entrances would be discontinued.

Approximate position, lat. 30° 15 ¼′ S., long. 30° 46¾′ E.

The above lighthouse in line with the beacon on Green point marks the position of Aliwal shoal.

## CHINA SEA.—Flat Island.

*Reef to the westward.*

*No. 458 (second publication).*—The following Notice to Mariners (No. 1082 of 1905) issued by the British Admiralty is republished :—

Information has been received through the Board of Trade that the British barque *West York* was, on July 17th, 1905, wrecked on a reef in the China sea, situated about 41 miles to the westward of Flat island, in approximately lat 11° 6′ N., long. 115° 1′ E.

No reliance can be placed on this position, as it is entirely dependent on dead reckoning, no observations having been obtained for seven days.

## JAPAN.—Kuril islands—Shimushu.

*Shiro iwa (Kokskar rock).—Shoal in the vicinity.*

*No. 459 (second publication).*—The British Admiralty has given notice (No. 1095 of 1905) of the existence of a shoal, which breaks in the approach to Paramushiru strait, situated in a position from which Shiro iwa (Kokskar rock) bears S. 30° W., distant about 4½ miles. It has been placed on the Chart as a rock awash in this position.

The rock awash, situated 2 miles N. 20° E. from Shiro iwa, is apparently connected with Shiro iwa, as breakers have been observed extending about one mile to the north-eastward from the latter rock.

Approximate position, Shiro iwa, lat. 50° 30¾′ N., long. 156° 28½′ E.

## CHINA SEA.

*Flat, Nanshan, and West York islands—Positions and particulars given.*

*No. 460 (second publication.)*—The following Notice to Mariners (No. 1105 of 1905) issued by the British Admiralty is republished, in continuation of this office No. 458, dated the 25th November 1905.

Further information, dated 24th August 1905, has been received through the Board of Trade that Mr. W. D. Prideaux, commanding U.S. naval collier *Nanshan*, sent from Manila to relieve the crew of the British barque *West York*, wrecked on a reef south-eastward from North Danger reef in the China sea, makes the following report respecting some islands and dangers between North Danger reef and Palawan :—

(*a*) Flat island was found to be a flat low sandy island about 250 yards across. A reef extends in an easterly direction from it for a distance of 2 to 3 miles, and several discoloured patches were observed to the N.N Eastward The position of the island was ascertained to be lat. 10° 48′ 15″ N., long. 115° 50′ 30″ E., or about 16 miles to the south-eastward of the position shown on the Charts. The position formerly given, lat. 11° 3′ N., long. 115° 42′ E., was passed over without any sign of land being observed.

(*b*) Nanshan island. An island (now named Nanshan) covered with small trees, and about 600 yards across, was observed to be situated about 6 miles S. 12° W. from Flat island, in approximately lat. 10° 42′ 30″ N., long. 115° 49′ 30″ E.

(*c*) West York island. This island is about one mile long and half a mile broad, covered with grass and trees, some of which are cocoanut palms; it is fringed with a reef which extends from it a quarter of a mile on the eastern side to fully 2 miles on the northern side, on the latter reef the ship *West York* was wrecked. An anchorage was found in 14 fathoms, coral with the north point of the island bearing S. 25° W., distant 2¾ miles. Signs of former Chinese habitation were found, and it is apparently visited every year by fishermen from Hainau for the purpose of collecting Trapang, &c. The position of the island was ascertained to be lat. 11° 5′ 45″ N., long. 115° 1′ 30″ E.

## PACIFIC OCEAN.—New Guinea, north-east coast.

*Maty and Durour islands—positions of.*

*No. 461 (second publication).*—The British Admiralty has given notice (No. 1107 of 1905 that the Master of the S. S. *African Monarch* reports that, during the passage of his vesse from Newcastle, N.S.W., to Manila, he passed between Maty and Durour islands on the north-east coast of New Guinea at a distance of 7½ miles from Maty island, and found the position of that island practically correct. The remark on the Chart to the effect that its position was 8 miles to the eastward has therefore been erased.

The approximate position of Durour island was ascertained to be N. 30° E., distant 19 miles from Maty island, which places it in lat 1° 29′ S., long. 142° 57′ E., or about 16 miles to the westward of its present position on the Chart.

*Baragua flats—Floating light-vessel temporarily replaced.*

*No. 439 (third publication).*—A telegraphic communication has been received from the Principal Port Officer, Rangoon, stating that the floating light-vessel at the Baragua flats will be temporarily replaced on or about the 25th November 1905 by the *Martaban*, which will show the prescribed light for the station.

PACIFIC OCEAN—PHILIPPINES—KALAMION OR KULION ISLAND.

*Port Kulion—Beacons established.*

*No. 440 (third publication).*—The British Admiralty has given notice (No. 1046 of 1905) that three beacons have been erected to mark reefs situated in or near port Kulion, Kalamion or Kulion island.

Each beacon consists of a concrete base surmounted by a post carrying two square boards one above the other and at right angles. The boards are painted white with a black centre, the upper one being 15 feet above high water. They are situated as follows:—

(*a*) On the centre of the reef lying in the approach to port Kulion, with the summit of Inlulukit island bearing N. 30° W., distant one mile, and fort Kulion light S. 85° W.

(*b*) On the northern point of the reef on the eastern side of the entrance to the harbour, with fort Kulion light bearing N. 68° W., distant $2\frac{8}{10}$ cables.

(*c*) On the north-eastern edge of the reef extending from the western entrance point to the harbour, with Kulion light bearing S. 35° W., distant 150 yards.

Approximate position, fort Kulion, lat. 11° 54′ N., long. 120° 01′ E.

CHINA SEA—BORNEO—NORTH-WEST COAST.

*South Natuna islands—Reefs near.*

*No. 442 (third publication).*—The British Admiralty has given notice (No. 1049 of 1905) of the existence of the undermentioned reefs near the South Natuna islands, China sea:—

(*a*) A reef 4 cables long, in a N.W. and S.E. direction with a least depth of 8 feet over it and from 12 to 16 fathoms around, is situated to the westward of Sumpadi island in a position from which the north extreme of that island bears N. 64° E., distant one mile, and the south extreme of the island S. 64° E.

Approximate position, lat. 2° 35½′ N., long. 109° 9′ E.

(*b*) A reef 9 cables long, in a W.N.W. and E.S.E. direction and 3 cables wide with a least depth of 8 feet over it, is situated to the southward of Subi island, in a position from which Latu rock in line with Kordu (Kerdan) islet bears S. 54° E., distant 2½ miles.

Approximate position, lat. 2° 46½′ N., long. 108° 47′ E.

(*c*) The reef charted to the eastward of the northern end of Subi island has a least depth of 3½ fathoms over it, with 18 to 20 fathoms around, and is situated in a position from which Ria rock bears N. 76° W., distant $7\frac{8}{10}$ miles, and Tumbalo rock S. 30° W.

Approximate position, lat. 3° 1¼′ N., long. 109° 0½′ E.

(*Variation 2° Easterly in 1905.*)

## CHINA, EAST COAST—Wusung river

*Shanghai—Intended alteration in system of weather signals.*

*No. 443 (third publication).*—The British Admiralty has given notice (No. 1059 of 1905) that, on the 1st January 1906, the flags of the International Code will be substituted for the Marryat Code in making the undermentioned weather signals at the Storm-signal station, Shanghai:—

I.—The 9-30 A.M. signal, indicating the direction and force of the wind at Gutzlaff at 9 A.M., will be made as follows:—

The direction by the flags N., S., E., W., and V. (variable) of the International Code, and the force by the numeral signals 0 to 11.

Letter U flag signifies calm, and a blue pennant that fog prevails.

This signal is lowered at 10 A.M. In case of any delay it will be hoisted from 11-30 to 11-50 A.M.

At 3-30 P.M. a similar signal shows the direction and force of the wind at Gutzlaff at 3 P.M. In case of delay it will be hoisted from 4-15 to 4-30 P.M.

II.—The signals indicating the probable direction and force of the wind on the coast, and at Shanghai within the next 24 hours, will be made as follows:—

Special Flags.

1 2 3 4 5

Flag No. 1 hoisted over any of the flags N., S., W., E., U., or V. of the International Code indicates the probable wind along the coast south of the 30th parallel.

Flag No. 2 hoisted over any of the flags N., S., W., E., U., or V. indicates the probable wind along the coast north of the 30th parallel.

Flag No. 3 indicates that fair weather is probable at Shanghai.

Flag No 4 indicates that unsettled and threatening weather is probable at Shanghai.

Flag No. 5 indicates that rainy weather is probable at Shanghai.

III.—The 4 P.M. signal, indicating height of the standard barometer at Zi ka wei Observatory, will be made in the same manner as at present, except that numeral signals of the International Code will be used in the place of those of Marryat's Code.

Note.—Signals I and III are repeated at the storm-warning semaphore of the Imperial Maritime Customs near the Inner bar and from the Outer bar signal flagstaff near the Wusung lighthouse.

Approximate position, Shanghai storm-signal station, lat. 31° 14½′ N., ong. 121° 28½′ E.

*This Notice affects China Sea Directory, vol. III, 1904, pages 422, 423 and 424.*

## COAST OF CHINA.

*Intended alteration in system of Typhoon and Storm signals.*

*No. 444 (third publication).*—The British Admiralty has given notice (No. 1060 of 1905) that, on the 1st January 1906, the undermentioned system of Typhoon and Storm-warning signals will be substituted for that now in use at the semaphores of the Imperial Maritime Customs at Canton, Amoy, Fuchau (Pagoda anchorage), Gutzlaff island, Wusung, Shanghai (Storm-signal station), Chifu, Chinkiang, Taku and Newchwang:—

The signals are made by means of shapes used as symbols having numbers corresponding to them as follows:—

1. 2. 3. 4. 5. 6.

These shapes are hoisted at the yard-arms of the signal mast and have the following general characteristics:—

| | |
|---|---|
| Typhoon and Continental depressions ... ... | 3 shapes at one yard-arm showing the position of the centre.<br>2 shapes at the other yard-arm showing the region threatened. |
| Gale signals ... ... | 2 shapes at one yard-arm showing the general direction of the wind.<br>1 shape at the other yard-arm showing the region threatened. |

*Billiton island, west coast.—Depth over Teree—Alterations in beacons and buoys.*

*No. 448 (third publication).*—The British Admiralty has given notice (No. 1070 of 1905) of the undermentioned alterations respecting the depths, beacons, and buoys on the west coast of Billiton island:—

1. The depth over Teree rock is now 3 feet, and the white conical buoy marking it has been replaced by an iron beacon surmounted by a black conical topmark.

   Approximate position, lat. 3° 9¼′ S., long. 107° 27½′ E.

2. The wooden beacon surmounted by a white ball, to the westward of Keringan island, has been replaced by an iron beacon surmounted by a black conical topmark erected in a depth of 3 feet.

   Approximate position, lat. 3° 1½′ S., long. 107° 29′ E.

3. The wooden beacon surmounted by a black conical topmark to the south of Pulo Nado (Gala) has been replaced by an iron beacon surmounted by a white ball.

   Approximate position, lat. 3° 2′ S., long. 107° 27¾′ E.

   The shoal which this beacon marks dries at low water.

4. The wooden beacon surmounted by a black conical topmark to the southward of Pulo Nado (Gala) has been removed.

   Approximate position, lat. 3° 0¾′ S., long. 107° 27¾′ E.

AUSTRALIA, SOUTH—SPENCER GULF—PORT PIRIE APPROACH.

*Cockle Spit.—East buoy replaced by the gauge beacon.*

*No. 449 (third publication).*—The British Admiralty has given notice (No. 1071 of 1905) that the red can buoy marking the eastern end of Cockle spit, Port Pirie approach, and situated at a distance of 1¾ miles S. 25° W. from Germein pier head, has been replaced by a pile beacon, carrying a clock-faced tide gauge. The gauge faces towards the north-westward, the height of the tide above low-water ordinary springs is indicated by a hand revolving clockwise over a clock-shaped dial marked from 0 to 12 feet. At night, weather permitting, this dial will be illuminated.

The least depth in port Pirie creek is now 15 feet at low-water springs, 15 feet must therefore be added to the number of feet shown on the gauge to obtain the depth in that creek at any time of tide.

Approximate position, lat. 33° 3¾′ S., long. 137° 58¾′ E.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

⛅, dew.

## BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR NATIVE LADIES.

THE following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (forty-five) for the year 1904-1905 :—

"Woman's place in a Bengali home."

The conditions for the award of the prize are :—

(1) That the competition be open to all educated women, being natives of Bengal (including the districts which now form part of the New Province), without regard to age.

(2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.

(3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by the written declaration of the husband, parent or guardian of the competitor that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 30th June 1906, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Division, at 12 Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

## NOTIFICATION.

*Annual Examination of Pleaders in Surveying.*

1. The next Survey examination for pleaders will be held in February 1906.

2. Applications for admission to appear at the examination should in the first place be submitted to the District Judge in whose Court or in Courts subordinate to whom the pleader ordinarily practises. The District Judge will require evidence from all applicants that they have undergone some training in practical surveying. He will not countersign the application of a candidate who fails to satisfy him on this point; nor will such a candidate be permitted to appear at the examination.

3. Candidates whose applications have been countersigned by the District Judge must submit their applications to the Director of Public Instruction, and these must be received on or before the 15th December 1905. After this date no more applications will be received.

4. The application should state the centre at which the candidate intends to appear, and all particulars as to the length of time the applicant has practised in the Court and the full address, &c., necessary to secure that letters will reach the applicant.

5. Each application should be accompanied by the prescribed fee of Rs. 30,* which will in no case be refunded.

6. Only pleaders practising in one of the Courts of the Province of Bengal and in Eastern Bengal will be eligible for the examination.

7. The examination will be held at four centres, viz., Dacca, Patna, Cuttack, and Sibpur.

8. The subjects for examination are noted below:—

(1) Paper on General Elementary Surveying, including Theodolite and Levelling.
(2) Practical examination in the field in—
  (*a*) Chain, and chain and compass surveying.
  (*b*) Plane-tabling.
  (*c*) Plotting.
  (*d*) Levelling.
  (*e*) Use of Theodolite and the permanent and temporary adjustment of instruments.

9. Candidates are required to secure 40 per cent. of the marks in the paper on surveying and 50 per cent. in the practical portion of the examination.

10. The rules regarding the Pleaders' Survey examination were published in the *Calcutta Gazette* of the 28th September 1904.

11. The programme for the examination will be published in the *Calcutta Gazette*.

A. PEDLER,
*Director of Public Instruction, Bengal.*

*The 15th November 1905.*

* The fee must be deposited in the Bank or local treasury, and the receipt for the same should accompany the application. On no account cash or money-order will be received.

## PRISMATIC COMPASS AND CHAIN SURVEYING.

1. The map will afterwards be plotted by the candidate on a scale of not less than 1 inch to 100 feet.
2. The candidate will inspect his task and decide whether chain or prismatic compass survey is the more suitable, as he may use whichever he likes.
3. If he selects to conduct a chain survey, he must, as an additional check, record the bearings of all lines.
4. The field-book will be given up on the completion of the task.
5. No pages may be torn out of the field-book.

### PLANE-TABLE TEST.

The candidate may be directed to run a circuit with the plane-table and to fill in selected details in the interior both by direct measurement and the method of intersection; the scale of the work should be as large as possible.

### LEVELLING TEST.

The candidate may be directed to run a line of levels between two field stations and to check his work.

### PLOTTING TESTS.

The candidate will have his field-book of the chain and compass survey and his level-book returned to him for plotting. Detailed instructions will be given at the time of the examination.

### USE OF THEODOLITE AND ADJUSTMENT OF INSTRUMENTS.

The candidate will be required to read horizontal and vertical angles, observe the three angles of one triangle and make the usual adjustments, temporary and permanent, of a level and theodolite.

A. PEDLER,
*Director of Public Instruction, Bengal.*

*The 3rd November 1905.*

## INSTRUCTIONS FOR CARRYING OUT THE PRACTICAL TESTS.

A candidate having communication with any one except his own coolies is liable to summary expulsion from the examination.

2. Each candidate will conduct a separate survey test with the assistance of three coolies only. No candidate will be allowed to bring his own coolies.

3. Each candidate will be provided with an Index map on which the extent of his task is shown and other necessary instructions will be noted.

4. Each candidate will be provided with—

| | |
|---|---|
| A Prismatic Compass ... ... | These must be returned intact on the completion of the task. |
| A Plane-table with Index Rule ... | |
| A Level and Levelling Staff ... | |
| A 100 feet or 66 feet chain and 10 arrows | |
| An offset rod* ... ... ... | |
| 6 Flags ... ... ... | |
| 10 Pegs for each task ... ... | |
| 1 Field-book ... ... ... | |
| 1 Level-book ... ... ... | |

* If a candidate prefer to use a tape instead of an offset rod, he may do so, but he must supply it himself.

5. The time allowed for each task is left to the discretion of the officer conducting the examination.

| | Total | ... | 26,400 | 26,400 | 52,800 |

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which, provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of

Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

| DEPOSIT. |
|---|
| When the amount bid is less than Rs. 1,200 per chest, Rs 200 per chest |
| On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs 300 per chest. |
| On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest. |
| And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400. |

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered

for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—

No. 1, Certificate of the opium advertised for sale;

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1904-1905, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

Alipore, the 27th November 1905.

BHUPATI CHAKRAVARTTI, *for* Collector.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situated in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 18th December 1905, corresponding with 3rd Pous 1312 (B.S.)

The purchasers will be subject to the following conditions of sale:—

*Conditions of Sale.*

*1st.*—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

*2nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

*3rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

*4th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 18th December 1905, corresponding with 3rd Pous 1312 B.S.

The purchasers will be subject to the following conditions of sale :—

*Conditions of Sale.*

*1st.*—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

*2nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

*3rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

*4th.*—If the amount of purchase-money exceed Rs 100, one-fourth of the amount of bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

## NOTICE.

## For Medical Practitioners, Druggists and Chamists.

IN consequence of the spread of the morphia habi in Rangoon, action has recently been taken by the Government of Burma to restrict dealings in the drug in that province. The result of the action is that the drug may now be imported otherwise than by Government by the following persons only:—

(*a*) A medical practitioner, if the morphia is produced out of India and is imported by sea. A medical practitioner is defined as a person who has been registered under the English Medical Act or who has received a medical diploma from an Indian University and practices medicine according to European methods.

(*b*) Any pharmacist duly authorised by the Financial Commissioner of Burma to import morphia in such quantities and on such conditions as the Financial Commissioner may prescribe. A pharmacist is defined as a person who deals in European medicines and drugs as a means of livelihood and who has been licensed to sell morphia retail.

It has been decided for the present to grant only one license for import by a pharmacist, namely, to the firm of Messrs. E. H. deSouza and Company, Rangoon, and to limit the quantity of morphia which can be imported by them at one time to 100 oz.

As there is some reason to fear that chemists and druggists in Calcutta may send consignments of morphia to Burma in ignorance of the regulations mentioned above, this notice has been issued to make the regulations known to them.

MAHANANDA GUPTA,
Superintendent of Excise Revenue, Calcutta, the Suburbs, Howrah and Bali.

# THE INDIAN LAW REPORTS.

*Published in FOUR SERIES, viz.:*

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

*Point Bukud—Shoal reported to the south-eastward.*

*No. 480 (first publication).*—The British Admiralty has given notice (No. 1170 of 1905) that a shoal with a depth of 6 feet over it is reported to exist at a distance of about 3½ miles south-eastward of point Bacud (Bukud), in approximately lat. 5° 54′ N., long. 124° 38¼′ E. This shoal is from 3 to 4 cables in extent, and has depths around it of from 3 to 7 fathoms; outside these depths the water deepens suddenly.

*This Notice affects the following Admiralty Charts :—The Philippine islands, No. 943; Celebes Sea, No. 2575: Also, Eastern Archipelago, part I, 1903, page 402.*

## ARABIA, NORTH-EAST COAST—PERSIAN GULF.

*Bushire—Red buoy replaced and improved.*

*No. 462 (second publication).*—With reference to Notice to Mariners No. 423, dated 16th December 1904, and No. 155, dated 13th May 1905, and No. 416, dated 30th October 1905, the Bombay Government has given further notice (No. 94 of 1905) that the Red Buoy originally reported in a position from which White Cable House bears S. 16° 33′ E., Abu Shahr Residency Flagstaff N. 65° 12′ E., and single tree N. 49° 27′ E., has been replaced and has been improved by the addition of an iron cage on its top and two breakers at the water line.

All bearings are true.

*This Notice affects Admiralty Chart :—Abu Shahr or Bushire, No. 27, and Sailing Directions, Persian Gulf Pilot, fourth edition, 1898, page 270.*

## AUSTRALIA, SOUTH—Gulf of St. Vincent.

*Port Adelaide river—Lights exhibited during dredging operations.*

*No. 463 (second publication).*—With reference to Notice to Mariners No. 306, dated the 12th August 1905, the President of the Marine Board, Port Adelaide, has given further notice (No. 27 of 1905) that, during the progress of Dredging Operations between the Occulting Light Buoy and No. 1 Lead, the Contractors will exhibit from the Framework of the near Lights of No. 1 Lead a White Light, lower than the Two Red Lights, and a further White Light at a distance of 50 ft. N.W. of the far Lead. This will also be lower than the Two White Lights of No. 1 Lead.

Both the above Lights will be of less power than those of the Lead.
The above Lights will be shown only when the Dredger is working.

*This affects Admiralty Charts 2389A and B, 1750 and 1752.]*

## AUSTRALIA—Queensland—Port Douglas approach.

*Wentworth reef—Position of buoy marking.*

*No. 464 (second publication).*—The British Admiralty has given notice (No. 1110 of 1905) that the buoy (black, surmounted by staff and flag-shaped topmark) marking Wentworth rock is now moored in a position from which port Douglas light bears N. 65° W., distant 5¼ miles, and Mount Garioch S. 23° W.

Approximate position, lat. 16° 31′ S., long. 145° 32¾′ E.

The position of this buoy is unreliable.

*(Variation 6° Easterly in 1905.)*

*This Notice affects the following Admiralty Chart:—Cape Grafton to Hope islands, No. 2924: Also, Australia Directory, vol. II, 1898, page 339.*

---

## INDIAN OCEAN—Madagascar.

*Tamatave—Rifle range established.*

*No. 465 (second publication).*—The British Admiralty has given notice (No. 1124 of 1905) that a rifle range has been established at the Lazaret, Tamatave. This range will, except for any special reason, only be used in the morning; it will also be used on every holiday, except Friday.

Half an hour before firing takes place a red flag will be hoisted and "the retreat" sounded on the bugle. On the conclusion of the practice the red flag will be hauled down. Firing will be suspended every hour for 10 minutes and also when a vessel or a boat is seen to be within the danger zone, viz, in a space comprised within about 3,300 yards in the rear of, 500 yards to the left of, and 350 yards to the right of the targets.

Approximate position, lat. 18° 9′ S., long. 49° 26′ E.

*This Notice affects Islands of the South Indian Ocean, 1904, page 106.*

---

## EASTERN ARCHIPELAGO—Borneo, west coast.

*Pontianak river—Light-buoy and light beacons established.*

*No. 466 (second publication).*—The British Admiralty has given notice (No. 1125 of 1905) that a light-buoy, painted black, and exhibiting a *white occulting* light *every twenty seconds*, viz., light, *ten seconds;* eclipse, *ten seconds*, will be established in the approach to the river Pontianak in approximately lat. 0° 6¼′ N., long. 109° 5¼ E.

It is presumed that this buoy replaces the existing black conical near the above position.

Also, that three screw-pile light-beacons, painted white, will be established at the entrance of the river, the easternmost and the westernmost beacons will each exhibit a *white fixed* light, and the centre beacon a *white occulting* light *every twenty seconds*, viz., light, *ten seconds;* eclipse, *ten seconds*. The westernmost and easternmost beacons in line with the centre beacon will lead through the channel.

The beacons consist of a cylindrical structure on piles upon which is a small iron support from which the light is shown.

Further Notice will be given when the particulars of position, etc., have been received.

*This Notice affects the following Admiralty Charts :—China sea, No. 2660a; Eastern archipelago, No. 941a : Also, China Sea Directory, vol. II, 1899, page 39; and Supplement, 1901, page 3.*

## BAY OF BENGAL—Orissa coast.

*Balasore anchoring buoy adrift.*

*No. 450 (third publication).*—A telegraphic communication has been received from the Port Officer, Cuttack and Balasore ports, stating that the Balasore anchoring buoy has gone adrift, and will be replaced as soon as possible

## BAY OF BENGAL—Madras coast.

*Port of Madras.—Date of exhibition of South Breakwater end light.*

*No. 451 (third publication).*—The Deputy Conservator, Madras, has given notice, dated the 9th October 1905, informing Masters of vessels, Pilots and others that, on and after 1st January 1906, the present red fixed light at the South Breakwater end will be exhibited at an elevation of 45 feet instead of 37 feet above high water, and visible in clear weather 8 miles instead of 6 miles all round the compass.

## AUSTRALIA, SOUTH—Gulf of St. Vincent

*A cheese-shaped buoy placed on the east side.*

*No. 452 (third publication).*—The President of the Marine Board, Port Adelaide, has given notice (No. 26 of 1905), that a cheese-shaped buoy, painted red, has been placed on the east side of St. Vincent Gulf, to mark the supposed position of a rock which has been reported, having on it 5 feet at L.W.S., with 9 feet all around it.

The position of the buoy is as follows:—

Port Parham houses bearing E. by S., distant three miles, in 9 feet at L.W.S tide.

Approximate lat., 34° 26′ 10″ S.; long., 138° 19′ 10″ E.

*This affects Admiralty Chart No. 2389B.*

## CEYLON—South coast.

*Gindurah Rock.—The buoy marking its position has been replaced.*

*No. 453 (third publication).*—With reference to Notice to Mariners No. 375, dated the 23rd September 1905, issued by this Office, the Master Attendant, Galle, has given notice, dated 3rd November 1905, that the Red Beacon Buoy marking the position of the Gindurah Rock has been replaced. It is laid in 18½ fathoms water, coarse sand and shell, about 3½ cables S. by W. from the rock, with Edward's Pillar midway between Galle Lighthouse and Elephant Rock, and the Hayeock nearly over the Gull Rock.

The attention of Mariners is called to the remark in page 84 of West Coast of Hindostan Pilot.

*Caution.*—Too much reliance must not be placed on the buoys marking the outer dangers near Point-de-Galle, as they are liable to break adrift.

## JAPAN—North west coast, Honshu.

*Nanao, north harbour.—Shoal in entrance.*

*No. 454 (third publication).*—The British Admiralty has given notice (No. 1077 of 1905) of the existence of a shoal, with a depth of 2½ fathoms over it at low water, about 2 cables to the southward of Fudou saki, in the entrance to Nanao North harbour, situated in a position from which the northern extremity of Oshima bears S. 52° W., distant 12½ cables, and Ushiga hana N. 47° W.

Approximate position, lat 37° 10¾′ N., long. 136° 59¾′ E.

The S.S. *Kanju Maru* touched on this rock.

(*Variation 5° Westerly in 1905.*)

*This notice affects the following Admiralty Chart :—Nanao harbour, No. 205; Also, Sailing Directions for Japan, &c., 1904, page 660.*

## AFRICA, SOUTH-EAST COAST—Port Natal approach.

*Green point.—Light established.—Aliwal shoal.—Lights discontinued.*

*No. 455 (third publication).*—With reference to Notice to Mariners No. 276, dated 15th July 1905, issued by this Office, the British Admiralty has given further notice (No. 1078 of 1905) that, on 16th October 1905, a *white group flashing* dioptric light, showing groups of two flashes *every fifteen seconds*, would be established on Green point: it would be elevated 282 feet above high water, and visible in clear weather from a distance of 23 miles

from the bearing of N. 40° E., through north and west, to S. 57° W., being obscured by the land in other directions. A *red fixed* light, elevated 248 feet above high water and visible over Aliwal shoal between the bearings of N. 68° W. and N. 38° W, would also be established. These lights are shown from the same building, which is an iron conical tower, 68 feet high, and painted in red and white bands, erected in the position of the westernmost beacon on Green point, which beacon was removed for this purpose. The group flashing light has a light power of 240,000 candles, and the red fixed light is of the 4th order. The lights formerly shown at Umpambinyoni and Amahlongwana river entrances would be discontinued.

Approximate position, lat. 30° 15 ¼′ S., long. 30° 46¾′ E.

The above lighthouse in line with the beacon on Green point marks the position of Aliwal shoal.

## NEW ZEALAND, SOUTH ISLAND.

*Otago harbour entrance—Alteration in lights—Buoy replaced by beacon light.*

*No. 457 (third publication).*—The British Admiralty has given notice (No. 1080 of 1905) that the following alterations would be made in the lighting and buoyage of Otago harbour entrance :—

(*a*) The green fixed light on the mole head would, on October 1st, be altered to *white occulting*, visible in clear weather from a distance of 8 miles.
Approximate position, lat, 45° 46¼′ S., long 170° 44¼′ E.

(*b*) The black buoy formerly situated at a distance of 3 cables S. 84° W. from Maori kaike jetty (Black point) will be replaced, on 1st November, by a pile beacon, painted black, exhibiting a *white fixed* light, erected on the southern side of the channel at a distance of 630 yards S. 84° W. from Maori kaike jetty.

(*c*) The light-vessel exhibiting a white fixed light, formerly situated at a distance of 4 cables N. 73° W. from Maori kaike jetty, will on 1st November be withdrawn.

## CHINA SEA.—Flat Island.

*Reef to the westward.*

*No. 458 (third publication).*—The following Notice to Mariners (No. 1082 of 1905) issued by the British Admiralty is republished :—

Information has been received through the Board of Trade that the British barque *West York* was, on July 17th, 1905, wrecked on a reef in the China sea, situated about 41 miles to the westward of Flat island, in approximately lat. 11° 6′ N., long. 115° 1′ E.

No reliance can be placed on this position, as it is entirely dependent on dead reckoning, no observations having been obtained for seven days.

JAPAN.—KURII ISLANDS—SHIMUSHU.

*Shiro iwa (Kokskar rock).—Shoal in the vicinity.*

*No. 459 (third publication).*—The British Admiralty has given notice (No. 1095 of 1905) of the existence of a shoal, which breaks in the approach to Paramushiru strait, situated in a position from which Shiro iwa (Kokskar rock) bears S. 30° W., distant about 4½ miles It has been placed on the Chart as a rock awash in this position.

The rock awash, situated 2 miles N. 20° E. from Shiro iwa, is apparently connected with Shiro iwa, as breakers have been observed extending about one mile to the north-eastward from the latter rock.

Approximate position, Shiro iwa, lat. 50° 30¾′ N., long. 156° 28½′ E.

CHINA SEA.

*Flat, Nanshan, and West York islands—Positions and particulars given.*

*No. 460 (third publication.)*—The following Notice to Mariners (No. 1105 of 1905) issued by the British Admiralty is republished, in continuation of this office No. 458, dated the 25th November 1905.

Further information, dated 24th August 1905, has been received through the Board of Trade that Mr. W. D. Prideaux, commanding U.S naval collier *Nanshan*, sent from Manila to relieve the crew of the British barque *West York*, wrecked on a reef south-eastward from North Danger reef in the China sea, makes the following report respecting some islands and dangers between North Danger reef and Palawan:—

(*a*) Flat island was found to be a flat low sandy island about 250 yards across. A reef extends in an easterly direction from it for a distance of 2 to 3 miles, and several discoloured patches were observed to the N.N. Eastward. The position of the island was ascertained to be lat. 10° 48′ 15″ N., long. 115° 50′ 30″ E., or about 16 miles to the south-eastward of the position shown on the Charts. The position formerly given, lat. 11° 3′ N., long. 115° 42′ E., was passed over without any sign of land being observed.

(*b*) Nanshan island. An island (now named Nanshan) covered with small trees, and about 600 yards across, was observed to be situated about 6 miles S. 12° W. from Flat island, in approximately lat. 10° 42′ 30″ N., long. 115° 49′ 30″ E.

(*c*) West York island. This island is about one mile long and half a mile broad, covered with grass and trees, some of which are cocoanut palms; it is fringed with a reef which extends from it a quarter of a mile on the eastern side to fully 2 miles on the northern side, on the latter reef the ship *West York* was wrecked. An anchorage was found in 14 fathoms, coral with the north point of the island bearing S. 25° W., distant 2½ miles. Signs of former Chinese habitation were found, and it is apparently visited every year by fishermen from Hainau for the purpose of collecting Trapang, &c. The position of the island was ascertained to be lat. 11° 5′ 45″ N., long. 115° 1′ 30″ E.

PACIFIC OCEAN.—NEW GUINEA, NORTH-EAST COAST.

*Maty and Durour islands—positions of.*

*No. 461 (third publication).*—The British Admiralty has given notice (No. 1107 of 1905) that the Master of the S. S. *African Monarch* reports that, during the passage of his vessel from Newcastle, N.S.W., to Manila, he passed between Maty and Durour islands on the north-east coast of New Guinea at a distance of 7½ miles from Maty island, and found the position of that island practically correct. The remark on the Chart to the effect that its position was 8 miles to the eastward has therefore been erased.

The approximate position of Durour island was ascertained to be N. 30° E., distant 19 miles from Maty island, which places it in lat 1° 29′ S., long. 142° 57′ E., or about 16 miles to the westward of its present position on the Chart.

## PROGRESS OF EDUCATION IN BENGAL DURING THE YEAR 1904-1905.

### GENERAL DEPARTMENT—EDUCATION.

*Calcutta, the 12th December 1905.*

RESOLUTION—No. 3354.

READ—

The Report on Public Instruction in Bengal for the year 1904-1905.

THE Department was in charge of Mr. A. Pedler, F.R.S., C.I.E., throughout the year.

Primary Education.

2. The statistics of primary education shew a falling off in the number of schools from 49,093 to 48,176, or 1·8 per cent., and in attendance from 1,391,997 to 1,356,733, or 2·5 per cent. This decrease is confined to lower primary schools, the upper primary schools having slightly increased in number. The falling off in attendance in lower primary schools is 3·3 per cent. and occurred in the Divisions of Burdwan, Rajshahi, Dacca, Chittagong and Bhagalpur. Various

explanations have been suggested by the Divisional Inspectors, but none of them are altogether satisfactory. The failure of crops and the prevalence of disease have been mentioned, while two Inspectors have sought an explanation in the abolition of the public examinations. It appears to the Lieutenant-Governor that a further explanation is called for as to the meaning of the adoption of measures for preventing the growth of "mushroom schools." The policy, introduced within the last few years, of insisting on a certain degree of efficiency before putting a school on the aided or stipendiary list, has no doubt resulted in a considerable decrease in the number of schools and of boys attending them.

The question of establishing a special course of primary education for rural schools was under the consideration of the Government during the year; but as a result of the criticisms to which the original proposals of the first committee were subjected, the whole matter was after the close of the year referred to a second and larger committee, whose recommendations are now being worked out in detail by the Director of Public Instruction.

The Lieutenant-Governor is glad to notice the steps taken to render the guru training schools throughout the Province more popular and efficient by increasing the salaries both of pandits and of pupil teachers in training at such schools. In connection with Mr. Pedler's observations upon the necessity for the augmentation of the present staff of Sub-Inspectors and a general increase of the subordinate inspecting agency and the proposals to which he refers, the Lieutenant-Governor considers it sufficient to note that an elaborate scheme for the addition of a number of Assistant Inspectors, Deputy Inspectors and Sub-Inspectors, including guru instructors, has been submitted to the Government of India.

Effect has been given to the principle laid down by the Government of India that no school final examinations should in any case be required or allowed in the case of pupils who are not leaving school, and public examinations during or at the end of the primary school course have been abolished together with the printed certificate to which hitherto importance has apparently been attached. Objections have been raised in some quarters to this change as affecting the attendance at schools; but the Lieutenant-Governor is convinced that the reform is a most necessary and beneficial one, and His Honour trusts that the objections will be found to be transitory. Simultaneously with, and as a consequence of this change, the method of awarding scholarships has been altered into a combination of selection and competition, the lower primary school examination being mainly *viva voce*; it has thus become possible to judge of the circumstances and intelligence of the candidates more accurately than was formerly the case.

Secondary Education.

3. While the number of secondary schools increased by 12 and that of pupils studying the high school course by 856, there was a general falling off in attendance at secondary schools similar to that which occurred in the case of primary schools. This decrease, which amounted to 4,091, was most marked in the case of middle vernacular schools and is attributed to the conversion of those schools into middle English. Mr. Pedler observes that in many middle schools the majority of the pupils belong to the primary stages and that these schools would probably be more efficient as upper primary schools only. The public examination for middle schools was abolished, and scholarships were awarded by examination of selected candidates. Judged by the results of the Calcutta University Entrance examination the standard of teaching in high schools improved during the year. While the number of candidates decreased by 176, the number of passes rose by 128, the improvement being mostly found in the case of unaided schools. Nine collegiate schools, however, show less favourable results than in the preceding year.

It is satisfactory to notice that 10 B classes and 5 C classes attached to high schools were at work during the year; the former are elementary engineering or technical classes preparatory to the Civil Engineering College, which the scholars usually join; the latter are commercial or trade classes from which scholars enter the commercial classes in the Presidency College. The candidates from these classes were fewer in number than in

the previous year, but the proportion passed was about the same as last year and better than in the year before that.

With a view to giving effect to the recommendations of the Simla Conference as to affording facilities for agricultural education, the Government in 1902 approved of a proposal to provide one or two secondary schools in each Inspector's circle with gardens, and in certain selected schools to open agricultural classes as an experimental measure. The elements of agriculture are now being taught in six schools.

While there are 4,163 teachers in high schools who are graduates or have passed the F.A. or Entrance examination or are trained vernacular masters, the Lieutenant-Governor regrets to observe the large number (2,361) who do not possess any of these qualifications. These figures indicate the urgent necessity for making more adequate arrangements for the training of teachers. It is satisfactory to notice, however, that there is a steady increase in the number of masters who are receiving training in first grade Government training schools.

Collegiate Education.

4. There was a slight increase in the number of pupils attending the Arts Colleges. Of 3,238 candidates who appeared at the F.A. Examination 1,013, or 31·9 per cent. passed. These figures contrast unfavourably with those of the preceding year, when the percentage of passes was 34·8 The number of students who appeared at the B A. examination was 2,003, or 29 less than in 1903-1904, but the results of the examination show a marked improvement. The percentage of success in Government Colleges was 33·5 against 19·7 in the preceding year, in aided colleges 2·80 against 19·8 and in unaided colleges 16·4 against 10 1. The number of candidates for the M.A. degree was 192 as against 200 in the previous year, and the percentage of passes among regular students showed a falling off from 39·2 to 30·9 per cent. There was a marked improvement in the percentage of success in the B L examination, which rose in institutions under public management from 15 to 37 8, and in those under private management from 33·1 to 41 7.

The subject of commercial education was under consideration during the year. The commercial classes which were opened in the Presidency College in 1903 had not proved successful, and the Lieutenant-Governor referred the matter to a Committee on which the Bengal Chamber of Commerce, the Bengal National Chamber of Commerce and the Calcutta Trades Association, as well as the Education Department, were represented. As a result of their recommendations two courses of studies were prescribed, the one being a complete day course, including modern English and English correspondence, Arithmetic, Book-keeping, Shorthand-writing and Type-writing, Commercial History and Geography and a second language, and the other consisting of evening lectures on a number of optional subjects, such as Political Economy, Banking and Currency, Commercial and Industrial Law and Annuities and Insurance, in addition to some of the subjects prescribed for the day course. Rules were framed regulating the admission to these classes and to the examination for the Commercial certificate. The evening classes were opened in March and the day classes in June. The Lieutenant Governor is glad to observe from Mr. Pedler's report that these classes appear likely to become very popular and successful, the number of students which stood at 9 on the 31st March having risen to about 120 at the beginning of the new session.

The most important fact in the history of collegiate education during the year is the commencement of the working of the new Universities Act. A new Senate of the University has been formed and the Director reports that committees were appointed and began the work of producing a new body of regulations. The subject of residential colleges has been occupying Sir Andrew Fraser's attention; a new college, largely residential, has been nearly completed at Dacca; the Patna College is being improved in this respect, and the scheme for a model college at Ranchi has been greatly advanced; liberal subscriptions having already been received and measures taken for the selection of a site and the acquisition of land. Mr. Russell as Assistant Director of Public Instruction made an enquiry during the year into the condition of students' hostels and messes in Calcutta His report showed

that the rules on the subject which had been issued in 1900 were completely ignored and that the conditions under which the students lived were incompatible with discipline. He suggested various measures of reform, the main principle being that each college should have its own hostels and messes and that students of more than one college should not be allowed to reside together. The question was referred to a Committee which recommended that each college should have its own mess, each mess being strictly limited to the students of a single college, and while admitting it to be at present impracticable to apply the same principle to hostels, hoped that hereafter the rule might be extended to them also. A further recommendation was that hostels not attached to colleges should be under the control of a committee with power to recognize hostels which they considered worthy of recognition. A special officer was appointed as Inspector of Students' Hostels and Messes and the Government accepted the financial responsibility for a scheme of hiring houses for students. An enquiry was also instituted as to the conditions under which students live in colleges in the interior.

**Muhammadan Education.**

5. The number of Muhammadans attending schools or colleges decreased by 3·1 per cent. during the year, but the result of the University examinations shows an improvement. A scheme for the improvement of Muhammadan education in *maktabs* was sanctioned by the Government. It is proposed to open model *maktabs* in Calcutta and in the 12 districts where there is a large proportion of Muhammadans and to appoint inspecting maulvis to organize the existing schools and to report on their claims to receive grants-in-aid. The complete introduction of the scheme, however, must be held in abeyance until the Local Self-Government Act is amended so as to allow of the transfer of funds by Government to District Boards for expenditure on *maktabs* and of the grant of aid by District Boards to these institutions.

**Technical Education.**

6. The only college in the Province which imparts technical education is the Sibpur Civil Engineering College. The figures of attendance show a slight falling off in all the departments of the school except the electrical, and the results of the examinations are distinctly worse than in the previous year. The percentages of passes for the B.E., F.E., Overseer and Sub-Overseer examinations all fell short of those reached in 1903-1904. The results of the F.E. examination are reported to have been deteriorating since 1902. The discipline of the college is not quite so satisfactory as usual. The attempts made to improve the health of the college did not meet with much success. All these facts are of interest in connection with the decision at which the Government has arrived to transfer the Engineering College to Ranchi, a change which, it is hoped, will have the effect of increasing its popularity and of improving the health and discipline of the students. The Bihar School of Engineering also shows a slight falling off in attendance, but there is a decided improvement in the Dacca School, where the numbers rose from 117 to 189. The Government School of Art shows satisfactory results on the Industrial Art side, but the work done on the Fine Art side was disappointing. While the students appear to have attained a fair proficiency in the usual course of drawing and painting, they showed a great lack of interest in higher artistic work. The scheme of the gallery which had been found to be misleading to Indian students was given up, and more than two-thirds of the collection of European pictures were sold. The gallery will now be an Art section of the Indian Museum, representing Indian Art. The Lieutenant-Governor regards this change with satisfaction as introducing a sounder principle into the school, and it is hoped that it may result in a stimulus being given to the study of fine art.

**Female Education.**

7. The statistics of female education offer a contrast to the general decrease in numbers which has been noted in the preceding paragraphs. The number of girls' schools increased by 4·9 per cent. and the attendance by 5·8 per cent., while the number of girls attending mixed schools showed an increase of 4·8 per cent. The rate of progress is, it is true, slower than in the previous years, but the high percentage then shown could hardly have been maintained. The Lieutenant-Governor has perused the remarks of the Inspectress of Schools

as to the necessity for an extension of the zanana system of teaching for higher class girls, and His Honour hopes that more will be done in this way to foster an interest in female education.

European Education.

8. One of the most interesting, but at the same time one of the most disappointing, sections of the report is that which deals with the subject of European education. Judged by the results of examinations there has been a distinct loss of efficiency. It appears that in the number of passes in the first division in the various examinations there was a remarkable falling off, and that, except in arithmetic, the work was mediocre or indifferent, the results in girls' schools being particularly bad. The Inspector of European Schools attributes this state of things partly to the poor prospects of the teaching profession which offers so little attraction that recruitment has become practically impossible, and partly to the unsatisfactory courses of studies in secondary schools. While History and Geography are neglected, an attempt is made to teach such subjects as Physiology, Physics and Political Economy, which, if they are to be studied profitably, require a sound basis of general education. The result is that the quality of the teaching is poor and the educational training largely valueless. The political consequences of such a state of things cannot be regarded with indifference; for, restricted as Europeans and Eurasians are in their choice of the means of livelihood, their educational fitness is a matter of great importance. It appears that even the Roman Catholic schools with their unpaid voluntary service of teachers are unable to do full justice to the task they have undertaken. Mr. Hornell remarks that the Government grants are small, assessed as they were to meet educational standards which have now been left behind. He calculates, however, that the receipts from endowments amounted to a little more than a lakh and a quarter and the contributions from the general public probably to less than a lakh of rupees. The amount met from provincial revenues was Rs. 3,86,325 and from fees Rs. 6,87,264. In view of these figures and of the urgent claims of the other departments of education the Lieutenant-Governor cannot regard the provincial contribution as disproportionately small. His Honour is very willing to help; but he is persuaded that if a higher standard of efficiency for European schools is to be aimed at and attained, it must be largely through the more liberal support of the general public.

9. Sir Andrew Fraser desires to record his high appreciation of the services rendered by Mr. Pedler throughout the year and to acknowledge his valuable assistance and advice in the many questions affecting the progress of education which have come before the Government.

By order of the Lieutenant-Governor of Bengal,

G. GORDON,

*Offg. Secy. to the Govt of Bengal.*

## REPORT ON THE STATE OF THE SALT MARKET FOR THE SECOND QUARTER OF 1905-1906.

No. 8644B., dated Calcutta, the 27th November 1905.

From—G. C. MUKERJEE, Esq., Offg. Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed to submit the following report on the state of the salt market for the second quarter of the year 1905-1906, comprising the months of July, August, and September 1905.

*Member in charge:*
THE HON'BLE MR. F. A. SLACKE, I.C.S.

2. The quantity of salt of every description cleared during the quarter amounted to 26,92,556 maunds, as compared with 34,29,653 maunds in the previous quarter, and 28,08,505 maunds in the corresponding quarter of the previous year. The net amount of duty levied thereon was Rs. 38,11,957, as against Rs. 48,44,789 in the previous quarter and Rs. 52,37,470 in the corresponding quarter of the previous year.

3. The subjoined Table (I) shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years :—

The stock remaining in the golas was greater than the balance of the previous quarter, but was considerably less than that of the corresponding quarter of the previous year.

5. The despatches of salt from Calcutta by boat and by the several railways passing through the different pass-stations into the interior of the country, both east and west of the river Hooghly, as well as the despatches by steamers and flats during the quarter and the corresponding quarters of the last two years, are shown in Table (III) below:—

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 405 maunds, as against the same quantity in the previous quarter and 810 maunds in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of the Lower Provinces during the quarter amounted to 3,162 maunds, as compared with 5,458 maunds in the previous quarter and 2,695 maunds in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta, according to the published market reports, amounted to 33,007 tons. It is reported that no vessel was afloat for Calcutta with salt from Hamburg.

9. Table IV shows the average wholesale prices per 100 maunds of Liverpool and other descriptions of salt during each fortnight of the quarter.

12. I am to add that in future the transactions of the inland bonded warehouses transferred to the new Province of Eastern Bengal and Assam will be excluded from these reports, as it is understood that they will be shown in the similar reports to be submitted by the new Board to the Government of that Province.

## NOMINATION OF REPRESENTATIVES TO SEATS IN THE BENGAL LEGISLATIVE COUNCIL ON THE RECOMMENDATION OF MUNICIPAL CORPORATIONS AND DISTRICT BOARDS.

No. 4590A.

### RESOLUTION.

APPOINTMENT DEPARTMENT.

*Dated Calcutta, the 9th December 1905.*

UNDER clauses B and C of Regulation II of the Regulations made under section 1, sub-section (4), of the Indian Councils Act, 1892, for Bengal, as amended by notification No. 2781(Public), dated the 29th November 1899, nominations to three seats in the Council of the Lieutenant-Governor of Bengal are made by the Lieutenant-Governor on the recommendation of such Municipal Corporations and District Boards as His Honour may from time to time prescribe, and, under Regulation V (*c*) of the same Regulations, the recommendation is made by the majority of votes of the representatives appointed by the Corporations or Boards concerned.

2. In the case of a vacancy in the Council, which should be filled on the recommendation of the Municipalities or the District Boards of a particular Division, the procedure followed is that, under Regulation IV of the Regulations, the Lieutenant-Governor directs the Commissioner of the Division concerned to ask the Chairmen of the Municipalities or the District Boards in the Division to convene a special meeting for the purpose of selecting a member of the Municipality or the District Board to represent them for the purpose of making the recommendation for the seat in Council. As soon as the electoral representatives are selected and their names reported by the Chairmen to the Commissioner of the Division concerned, they are called upon by the Commissioner to meet together at a convenient place for the purpose of electing, by a majority of votes, a person to be recommended to the Lieutenant-Governor to be nominated as a member of the Council. The names of all candidates for membership of the Council put forward at such meeting are duly proposed by one of the representatives present. The Chairman of the meeting, reports to the Commissioner of the Division the name of the person elected by a majority of votes of the representatives present and, on behalf of the meeting, recommends to the Lieutenant-Governor the nomination to the Council of the person so elected. The Commissioner submits the report from the Chairman of the meeting to the Chief Secretary to Government by whom the recommendation is submitted to the Lieutenant-Governor.

3. Experience has shown that ignorance of the names of all the candidates standing for nomination to the Council, at the time of appointment of representatives, may practically disfranchise one or more Boards or Corporations, and it is very inexpedient that a representative should vote for any person whose candidature has not been considered by the body which he is appointed to represent. His Honour is of opinion that it is desirable that each Municipal Corporation or District Board should at the time of appointing a representative have before it full information regarding all candidates for nomination, for it is not unreasonable that the Board or Corporation should appoint a representative likely to vote for the candidate whom the majority wish to be nominated. His Honour therefore considers it advisable to offer the following suggestions to enable the Corporations or Boards concerned to see exactly who the candidates are :—

(*i*) The Commissioner of a Division, after receipt of the Lieutenant-Governor's request for a recommendation, as provided in Regulation IV of the Regulations, while asking the Chairmen of the Municipalities or the District Boards, as the case may be, to convene special meetings for the appointment of representatives, should at the same time express a desire to receive the names of any candidates for the Council who may offer themselves for recommendation.

The Lieutenant-Governor is of opinion that all candidates for the Council on the recommendation of a group should be proposed and seconded by two members of one of the Municipalities or District Boards, as the case may be, included in the group by which the recommendation is to be made; and that their names, addresses and qualifications, with those of their proposers and seconders, should be reported to the Commissioner by the Chairman of the body to which the proposer and seconder in each case belong, so as to reach him not later than a month before the date fixed for the appointment of a representative under Regulation V (*c*), which date should at the same time be notified to the Commissioner. It will be the business of each Chairman to see that this is done.

(*ii*) The Commissioner should enter the names of candidates for the Council who have been duly proposed and seconded, with those of their proposers and seconders, and the other particulars above noted as they reach him, in a list to kept for the purpose.

(*iii*) The Commissioner should circulate the list of all the names so reported to him to all Municipal Corporations or District Boards, as the case may be, included in the group, so as to reach them before the date fixed for the appointment of a representative.

(*iv*) On the date on which the meeting for the purpose of appointing a representative is held, the list of candidates mentioned in the above paragraph should be circulated to each member present at the meeting.

4. In paragraph 3 of this Government Resolution No. 2307A., dated the 31st March 1897, it was observed:—

"It will rest with the public bodies to give clear instructions to their representatives as to the way in which they should vote, that is, whether all their votes should be given to one candidate or whether the votes can be distributed between two or more candidates."

It has been held (see paragraph 6 of letter No. 4646A., dated 17th November 1902, forwarded to all Commissioners with Endorsement Nos. 4647-4654A., dated 17th November 1902) that these words imply that Boards and Municipalities are not authorised to direct their delegates to vote for a specified individual. His Honour considers it expedient that District Boards and Municipalities should have power to bind their delegates to vote for candidates in a definite order: he is, therefore, pleased, in supersession of the words above quoted in Resolution No. 2307A., dated the 31st March 1897, to substitute the following words:—

"It will rest with the public bodies, if they see fit, to give clear and definite instructions to their representatives as to the way in which they should vote, that is, as to the candidate for whom they should vote, declaring the name of the candidate to whom all their votes should be given or, if to be given to more than one candidate, the order and manner in which such votes should be given."

ORDER:—Ordered that a copy of this Resolution be furnished to all Commissioners of Divisions for information and guidance and for communication to all the Municipalities and District Boards in their Divisions.

Ordered also that a copy be published in the *Calcutta Gazette*.

Ordered also that a copy be submitted to the Government of India for information.

By order of the Lieutenant-Governor of Bengal,

R. W. CARLYLE,

*Offg. Chief Secy. to the Govt. of Bengal.*

## REPORT OF THE COTTON CROP OF BENGAL, OCTOBER, 1905.

THE following note is published for general information.

*Offg. Chief Secy. to the Govt. of Bengal.*

*The 12th December 1905.*

## DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

REPORT OF THE COTTON CROP OF BENGAL, OCTOBER, 1905.

*Explanatory.*—Four forecasts of cotton are to be published by this Department at equal intervals of two months, viz.—before the 15th of each of the months of August, October, December and February. The August and October forecasts deal with estimates of the area sown and the general condition of the crop.

Cotton is divided into two classes—Early and Late. The former variety is sown before the monsoon rains begin and harvested early in the cold weather. The latter variety is sown partly before and partly after the rainy season and harvested in the hot weather.

*Character of the season.*—The early cotton is principally grown in the Chittagong Hill Tracts, the Sonthal Parganas, Angul and in the Chota Nagpur Division. Weather conditions were generally favourable for the growth of the plant. Some damage is, however, reported from the Sonthal Parganas and Manbhum owing to an excess of rainfall in August and September.

As regards late cotton the weather appears to be less favourable. The monsoon was delayed in Bihar till about the middle of July and then followed, during the latter half of July and all through August to the middle of September, heavy and continuous rain causing floods and damage to the crop in some districts. Such damage is reported from, Saran (the most important of the late cotton-growing districts), Patna, Champaran, Muzaffarpur and Bhagalpur.

*Area sown.*—The appendix summarises the district reports and shows also the five and ten years' averages of the areas under early and late cotton. Since the issue of the August forecast, there is no marked increase in the area sown under early cotton. The total area for the whole Province now comes to 57,500 acres against 57,039 shown in the August forecast.

As for late cotton there is a marked progress in the sowings of the crop in Saran, Muzaffarpur, Darbhanga and Patna. In Singhbhum, Shahabad and Cuttack sowings began towards the end of August and later, while they have not yet begun in Bhagalpur, Angul and Puri. The area sown up to now is 31,677 acres against 17,200 acres shown in the August forecast.

N. D. BEATSON BELL,

*Offg. Director of the Dept. of Land Records and Agriculture, Bengal.*

CALCUTTA,
*The 10th October 1905.*

[On an average of the five years ending 1903-1904 the area under cotton crops in the territory to which this forecast relates has represented some 1·2 per cent. of the total area under cotton crops in British India.]

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

≏, dew; overcast.

* Excluding ferry earnings, Rs. 16,940.
† Audited up to week ended 7th October 1905.
*N. B.*—Increase under goods is chiefly in jute traffic and owing to the amalgamation of Bengal Central Railway. The decrease in coaching earnings is due to Rash Jatra festival having been held in the corresponding week of last year.

## BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR NATIVE LADIES.

THE following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (forty-five) for the year 1904-1905:—

"Woman's place in a Bengali home."

The conditions for the award of the prize are:—

(1) That the competition be open to all educated women, being natives of Bengal (including the districts which now form part of the New Province), without regard to age.

(2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.

(3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by the written declaration of the husband, parent or guardian of the competitor that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 30th June 1906, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Division, at 12 Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

CALCUTTA,
*The 1st December 1905.*

A. PEDLER,
*Director of Public Instruction, Bengal.*

## NOTIFICATION.

*Annual Examination of Pleaders in Surveying.*

1. The next Survey examination for pleaders will be held in February 1906.

2. Applications for admission to appear at the examination should in the first place be submitted to the District Judge in whose Court or in Courts subordinate to whom the pleader ordinarily practises. The District Judge will require evidence from all applicants that they have undergone some training in practical surveying. He will not countersign the application of a candidate who fails to satisfy him on this point; nor will such a candidate be permitted to appear at the examination.

3. Candidates whose applications have been countersigned by the District Judge must submit their applications to the Director of Public Instruction, and these must be received on or before the 15th December 1905 After this date no more applications will be received.

4. The application should state the centre at which the candidate intends to appear, and all particulars as to the length of time the applicant has practised in the Court and the full address, &c., necessary to secure that letters will reach the applicant.

5. Each application should be accompanied by the prescribed fee of Rs. 30,* which will in no case be refunded.

6. Only pleaders practising in one of the Courts of the Province of Bengal and in Eastern Bengal will be eligible for the examination.

7. The examination will be held at four centres, viz., Dacca, Patna, Cuttack, and Sibpur.

8. The subjects for examination are noted below:—

(1) Paper on General Elementary Surveying, including Theodolite and Levelling.
(2) Practical examination in the field in—
  (*a*) Chain, and chain and compass surveying.
  (*b*) Plane-tabling.
  (*c*) Plotting.
  (*d*) Levelling.
  (*e*) Use of Theodolite and the permanent and temporary adjustment of instruments.

9. Candidates are required to secure 40 per cent. of the marks in the paper on surveying and 50 per cent. in the practical portion of the examination.

10. The rules regarding the Pleaders' Survey examination were published in the *Calcutta Gazette* of the 28th September 1904.

11. The programme for the examination will be published in the *Calcutta Gazette*.

A. PEDLER,
*Director of Public Instruction, Bengal.*

*The 15th November 1905.*

* The fee must be deposited in the Bank or local treasury, and the receipt for the same should accompany the application. On no account cash or money order will be received.

## PRISMATIC COMPASS AND CHAIN SURVEYING.

1. The map will afterwards be plotted by the candidate on a scale of not less than 1 inch to 100 feet.
2. The candidate will inspect his task and decide whether chain or prismatic compass survey is the more suitable, as he may use whichever he likes.
3. If he selects to conduct a chain survey, he must, as an additional check, record the bearings of all lines.
4. The field-book will be given up on the completion of the task.
5. No pages may be torn out of the field-book.

### PLANE-TABLE TEST.

The candidate may be directed to run a circuit with the plane-table and to fill in selected details in the interior both by direct measurement and the method of intersection; the scale of the work should be as large as possible.

### LEVELLING TEST.

The candidate may be directed to run a line of levels between two field stations and to check his work.

### PLOTTING TESTS.

The candidate will have his field-book of the chain and compass survey and his level-book returned to him for plotting. Detailed instructions will be given at the time of the examination.

### USE OF THEODOLITE AND ADJUSTMENT OF INSTRUMENTS.

The candidate will be required to read horizontal and vertical angles, observe the three angles of one triangle and make the usual adjustments, temporary and permanent, of a level and theodolite.

A. PEDLER,
*Director of Public Instruction, Bengal.*

*The 3rd November 1905.*

## INSTRUCTIONS FOR CARRYING OUT THE PRACTICAL TESTS.

A candidate having communication with any one except his own coolies is liable to summary expulsion from the examination.

2. Each candidate will conduct a separate survey test with the assistance of three coolies only. No candidate will be allowed to bring his own coolies.

3. Each candidate will be provided with an Index map on which the extent of his task is shown and other necessary instructions will be noted.

4. Each candidate will be provided with—

| | |
|---|---|
| A Prismatic Compass ... ... | These must be returned intact on the completion of the task. |
| A Plane-table with Index Rule ... | |
| A Level and Levelling Staff ... | |

| | Total | ... | 26,400 | 26,400 | 52,800 |

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which, provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of

Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered

for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—

No. 1, Certificate of the opium advertised for sale;

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1904-1905, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

## ARRIVAL AT CALCUTTA OF THEIR ROYAL HIGHNESSES THE PRINCE AND PRINCESS OF WALES.

*The 29th December 1905.*

Their Royal Highnesses the Prince and Princess of Wales will arrive at Howrah railway station by special train at 3 P.M., standard time (3-24 P M., local time), on Friday, the 29th December 1905.

Their Royal Highnesses will be received on the platform by the Commissioner of the Burdwan Division, the Magistrate of Howrah, the Commissioner of Police for Calcutta, and the Agent and other officials of the East Indian Railway concerned in the arrangements for the journey.

Their Royal Highnesses will proceed on board the steamer "Howrah," where they will be received by the Vice-Chairman* of the Port Commissioners, the Port Officer of Calcutta, and the Deputy Conservator of the Port of Calcutta.

The Commissioner of Police will accompany Their Royal Highnesses on the "Howrah" to Prinsep's Ghat.

As the steamer leaves the pier at Howrah, a salute of 31 guns will be fired by His Majesty's ships on the river.

On arrival of the "Howrah" at Prinsep's Ghat, His Honour the Lieutenant-Governor of Bengal accompanied by his Staff, the Honourable the Chief Justice of Bengal, the Most Reverend the Bishop of Calcutta, Metropolitan of India and Ceylon, and the Lieutenant-General Commanding the Forces in the Eastern Command, with his Staff, will proceed on board, where they will be introduced to Their Royal Highnesses by Sir Walter Lawrence.

Their Royal Highnesses, preceded by the Lieutenant-Governor, the Chief Justice, the Bishop, and the Lieutenant-General will then go on shore, where they will be received by the official and non-official community of Bengal, who will be invited to be present in such numbers as the limited space available will permit, and by the Members of the Calcutta Corporation. The Foreign Consuls at Calcutta will also be invited to be present.

Guards of Honour of the Calcutta Port Defence Volunteers and Native Infantry will be in attendance.

The Lieutenant-General Commanding the Forces in the Eastern Command will present the General Officer Commanding the Presidency Brigade.

After the Prince of Wales has inspected the Guards of Honour, the Chief Justice, with His Royal Highness's permission, will introduce the Puisne Judges of the High Court and the Metropolitan will present the Archdeacon of Calcutta. The Lieutenant-Governor will then present, in their order, the Members of the Bengal Board of Revenue; the Members of the Bengal Legislative Council; the Commissioner of the Presidency Division; the Chief Secretary to the Government of Bengal; the Secretaries to the Government of Bengal; the Sheriff of Calcutta, and four representative Native and four European unofficial citizens, including the Chairman of the Chamber of Commerce, the President of the British Indian Association, and the Master of the Trades Association. The Ruling Chiefs of Bengal will be presented and the Consuls-General who are present will then be introduced.

The Chairman, Vice-Chairman, and Members of the Calcutta Corporation will also be presented On behalf of the Members, the Vice-Chairman will read an address to Their Royal Highnesses and the Chairman will offer a jewel to the Princess of Wales.

After the Prince of Wales has replied to the address, Their Royal Highnesses will proceed to Government House. Their Royal Highnesses will be conducted to their carriage by the Lieutenant-Governor, and Guards of Honour of the Calcutta Volunteer Rifles and Native Infantry will be in attendance.

Their Royal Highnesses will be accompanied by the special escort detailed for the occasion, including the Imperial Cadet Corps, and will proceed to Government House *via*

* The Chairman is one of the Members of the Board of Revenue and will be at Prinsep's Ghat

the Ellenbourgh course, south of Havildar's Tank, the Red Road, Government Place East, and Old Court House Street, entering Government House by the north-east gate.

The route will be lined throughout by troops under the orders of the Brigadier-General Commanding the Presidency Brigade.

Guards of Honour of the Royal Navy and British Infantry will be drawn up at Government House, where Their Royal Highnesses will be received by His Excellency the Viceroy. At Government House there will also attend His Excellency the Commander-in-Chief with his Staff, the heads of Local Governments and Administrations other than the Lieutenant-Governor of Bengal who may be in Calcutta, the Members of the Governor-General's Council, His Excellency the Commander-in-Chief of His Majesty's Naval Forces in the East Indies with his Staff, the Chairman and Members of the Railway Board, the Secretaries and Deputy Secretaries to the Government of India, the Head-quarters Staff of the Army, the Heads of Civil and Military Departments, and other officers of the Government of India who are entitled to be present. The Ruling Chiefs who may be in Calcutta, other than those of Bengal, will also be present at Government House.

A salute of 31 guns will be fired from the ramparts of Fort William on the arrival of Their Royal Highnesses at Government House.

His Excellency the Viceroy with his Staff will meet Their Royal Highnesses at the foot of the stairs of the Grand Entrance, and at the head of the stairs will present the Commander-in-Chief, the Members of Council, the Naval Commander-in-Chief, the Chairman and Members of the Railway Board, and the Secretaries to the Government of India. With the permission of His Royal Highness, His Excellency the Commander-in-Chief will present the Senior Officers of the Army Head-quarters Staff, and the Foreign Secretary will present the Native Princes and Chiefs

## LAYING OF THE FOUNDATION STONE OF THE VICTORIA MEMORIAL HALL AT CALCUTTA BY HIS ROYAL HIGHNESS THE PRINCE OF WALES.

*The 4th January 1906.*

At 4 P.M., on the 4th January 1906, His Royal Highness the Prince of Wales will lay the foundation stone of the Victoria Memorial Hall at Calcutta. The ceremony will be attended by His Honour the Lieutenant-Governor of Bengal with his Staff; by any other Heads of Local Governments with their Staffs and also by the Ruling Chiefs, who may be present in Calcutta, by His Excellency the Commander-in-Chief and Staff, by the Honourable the Chief Justice and Puisne Judges of the High Court of Judicature at Fort William, by the Most Reverend Metropolitan of India and Ceylon, by the Ordinary and Additional Members of the Governor-General's Council, His Excellency the Naval Commander-in-Chief and Staff, by the Lieutenant-General of the Eastern Command and other principal Military Officers, by the Chairman and Members of the Railway Board, by the Secretaries, Deputy Secretaries, Heads of Departments, and other principal officers of the Government of India, by the Members of the Bengal Legislative Council and Board of Revenue, and the Secretaries and other principal officers of the Government of Bengal. Invitations will also be sent by the Trustees to all subscribers to the Memorial who are present in Calcutta so far as space will permit.

The ruling Chiefs and Heads of Local Governments who attend, will be met at the entrance at 3-40 P. M., by officers specially deputed to conduct them to their seats. All others are requested to be in their places by 3-25 P. M. The public entrances will be closed at 3-30 P. M.

His Excellency the Viceroy will leave Government House by the North-East Gate at 3-40 P. M., under the usual salute, accompanied by the escort specially detailed, and will proceed *viâ* the Red Road, Outram Road, Chowringhee and the Cathedral Avenue. His Excellency will be met on arrival at the site of the Memorial by the Trustees.

Their Royal Highnesses the Prince and Princess of Wales will leave Government House by the South Gate at 3-50 P. M. under the usual salute, accompanied by the escort specially detailed, and will proceed by the same route.

On arrival at the site of the Memorial Hall, Their Royal Highnesses will be met by His Excellency the Viceroy and Staff, and by the Trustees.

All present will rise on the arrival of His Excellency and Their Royal Highnesses.

The Prince of Wales's Standard will be hoisted at the dias, and a procession will be formed in the following order:—

The Viceroy's Staff.

The Staffs of Their Royal Highnesses.

The Trustees.

| THEIR ROYAL HIGHNESSES THE PRINCE AND PRINCESS OF WALES. | HIS EXCELLENCY THE VICEROY AND THE COUNTESS OF MINTO. |
|---|---|

A flourish of trumpets will be sounded, as the procession approaches, by the trumpeters stationed at the dias.

After His Excellency and their Royal Highnesses have taken their seats on the dias, the Lieutenant-Governor, with the Prince of Wales's permission, will address His Royal Highness on behalf of the Trustees, after which the Viceroy will request His Royal Highness to lay the foundation stone.

Their Royal Highnesses will then proceed to the front of the foundation stone, where after a flourish of trumptes has been sounded, the working tools will be presented to the Prince of Wales by the Superintending Architect, and His Royal Highness will lay the stone All will rise from their seats as Their Royal Highnesses leave the dais.

The band will then play the national anthem, and the troops will present arms.

Their Royal Highnesses will return to the dais, and the Prince of Wales will graciously reply to the address.

A procession will then be formed, and Their Royal Highnesses and His Excellency will leave with the same ceremonies as on their arrival.

The route of the procession between Government House and the site of the Memorial Hall will be lined throughout by troops, and a Guard of Honour of Volunteers and Native troops will be drawn up outside the Memorial Hall enclosure, at the entrance by which Their Royal Highnesses and His Excellency will arrive and leave.

Spectators will remain at their seats until after the departure of His Excellency the Viceroy, and are requested not to leave until the Ruling Chiefs and the high officials have departed.

Full dress will be worn. Gentlemen not entitled to wear uniform will appear in morning dress.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the subdivision of Narail of the district of Jessore, will be put up to sale at the Narail Deputy Collectorate on Monday, the 8th January 1906, corresponding with the 21st Pous (Bengalee).

The purchasers will be subject to the following conditions of sale:—

*Conditions of Sale.*

*1st.*—The estates to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

*2nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

*3rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

*4th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estates to be again put up to sale at the risk of the defaulting purchasers, after issue of advertisement, as in the case of original sale.

## Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Barun-Daltonganj Railway, in the district of Palamau, will be put up to sale at 11 o'clock on Monday, the 5th February 1906, corresponding with the 26th Magh 1313 Fasli, at Daltonganj Collectorate.

The purchasers of the several plots of land will be subject to the following conditions:—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 5 feet from its foundation.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold revenue-free to the highest bidders

*5th.*—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale

# CORPORATION OF CALCUTTA.

## PROPOSED RULES.

1. Except as in these rules otherwise provided every officer and servant of the Corporation through whose hands Municipal money passes shall furnish Cash security, which should, as a rule, be 10 per cent. in excess of the maximum amount likely to be in his custody at one time, with a bond in Form A.

In special cases in which the application of this rule would cause hardship, the Chairman may reduce the amount of security as far as he may think necessary subject to an appeal to the Corporation whose orders shall be final.

2. Store-keepers and stock-takers, whether appointed permanently or temporarily, shall furnish cash security with a bond in Form A, the amount being regulated according to circumstances by the Chairman, subject to the approval of the Corporation.

3. The rule that every officer and servant who handles Municipal money shall give cash security, shall not be enforced in the case of durwans, peons and orderlies, but in future no durwan peon or orderly shall be appointed, unless he can furnish a security bond (executed by some person of known respectability and solvency), for his good and honest conduct in the following form :—

"I know A B. of
son of
to be an honest man, and I agree to forfeit Rs. if called upon to do so, should he be proved to have embezzled, stolen, misappropriated, misapplied or unlawfully disposed of any money, securities for money goods or property belonging to or in the possession, care, charge or custody of the Corporation of Calcutta or paid or entrusted to or in the possession, care, charge or custody of the said in the course of his employment as a servant of the Corporation.

The amount of such bond shall be in the case of durwans, peons or orderlies drawing a monthly salary of Rs. 10 or more Rs. 50, and in other cases Rs. 25.

Native Military pensioners employed as durwans, peons or orderlies, are exempted from the operation of this rule.

4. In all cases when an officer or servant is a member of the Provident Fund and has subscribed to the declaration in the form prescribed in the Provident Fund rules, agreeing to be bound by the rules of such Fund, the amount of cash security furnished by him may be reduced by the amount of his contribution to the Fund, and the cash security be annually withdrawn up to that amount. The security of an officer or servant of 20 years' pensionable service or upwards may be diminished by a sum calculated on his monthly pay multiplied by 25, with the proviso that the security shall in no case be diminished by more than one-half.

5. The amount of the security of the Treasurer, Collector and License Officer shall not be regulated by the principles enunciated in these rules, but shall be determined by the Corporation from time to time according to the special circumstances of their appointments, and if necessary, a special form of bond shall be executed by the officers named in this rule.

6. All officers and servants who have to furnish security in the sum of Rs. 100 or upwards, shall give it in the form of Government Promissory Notes, Calcutta Municipal Debentures or Calcutta Port Trust Debentures.

In the case of officers and servants who have to furnish security of less than Rs. 100, the amount of cash deposited by the officer shall remain with the Corporation, by whom no interest shall be allowed. Provided that with the sanction of the Chairman the amount so deposited may be placed in the Post Office Savings Bank as a security deposit, the pass-book remaining in the custody of the Chairman.

7. If an officer or servant already in the service of the Corporation is unable to furnish the full amount of security due from him in a single payment, he may, at the discretion of the Chairman, be permitted to pay it by monthly instalments of not less than one-fourth of his pay, within a maximum period of five years.

The forms of bond to be used in cases where security is furnished in instalments are given in Forms B and E.

8. Personal security bonds (with sureties as in Form C) for good and honest conduct, in the sum of Rs. 1,500 shall be taken from the record-keeper, and in the sum of Rs. 250 from Accountants, Assistant Record-keepers, Head Clerks, Bill-writers and the Contract Clerk, provided that the amount of the security Bond shall not exceed Rs. 150 in the case of Bill-writers and any other officers or servants of these classes whose salary does not exceed Rs. 30. The amounts may be reduced, after 20 years' pensionable service as laid down in Rule 4.

Any officer or servant named in this rule may, if he prefers it, deposit security in cash or in Government Promissory Notes, Calcutta Municipal Debentures or Calcutta Port Trust Debentures, with a bond without sureties in Form D for the amount prescribed above in lieu of a bond with sureties. When an officer or servant named in this rule wishes to deposit securities in cash but is unable to furnish the whole of the security at once he shall execute a Bond in Form C and shall furnish sureties to the satisfaction of the Chairman until the full security is deposited.

9. When an officer or servant is transferred to another appointment and it becomes necessary to demand a higher amount of security from him owing to the increased responsibilities of the new post, no fresh bond need be executed, but a memorandum (to be signed by the Principal and his Sureties) shall be endorsed on the bond, giving particulars of the additional security and the manner in which it has or will be deposited. It shall also be expressly stipulated that the terms of the bond with regard to the security originally deposited are to be applicable to the additional security. Similar endorsements (to be signed as mentioned above), shall be made when the amount of security is reduced. When any such endorsement is made on a registered bond the memorandum shall also be registered.

Provided that, when any such officer or servant is appointed to act in a higher post for a period of not more than three months, the security already deposited by him whether in the form of cash Government Promissory Notes, Calcutta Municipal Debentures or Port Trust Debentures, or in the form of personal security as required by rule 8, shall generally be deemed to be good and sufficient.

10. Government Promissory Notes or Debentures of the nature aforesaid, or cash lodged as security shall be returned after the expiration of six months from the date when the officer or servant by whom the security was deposited ceased to be in the service of or employed by the Corporation unless the Chairman otherwise direct. Security bonds shall ordinarily be cancelled and returned before the expiration of one year from the date when the officer by whom the bond was granted ceased to be in the service of or employed by the Corporation.

11. A register of securities shall be kept in the following form :—

| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 |
|---|---|---|---|---|---|---|---|---|
| Serial No. | Name of Officer or Servant. | Designation or Duties. | Amount of Security payable. | Nature of Security furnished. | Value of Security furnished. | Date of Bond. | Date of deposit in safe custody. | REMARKS. |

## NOTICE.

## For Medical Practitioners, Druggists and Chemists

IN consequence of the spread of the morphia habi in Rangoon, action has recently been taken by the Government of Burma to restrict dealings in the drug in that province The result of the action is that the drug may now be imported otherwise than by Government by the following persons only:—

(*a*) A medical practitioner, if the morphia is produced out of India and is imported by sea. A medical practitioner is defined as a person who has been registered under the English Medical Act or who has received a medical diploma from an Indian University and practices medicine according to European methods.

(*b*) Any pharmacist duly authorised by the Financial Commissioner of Burma to import morphia in such quantities and on such conditions as the Financial Commissioner may prescribe. A pharmacist is defined as a person who deals in European medicines and drugs as a means of livelihood and who has been licensed to sell morphia retail.

It has been decided for the present to grant only one license for import by a pharmacist, namely, to the firm of Messrs. E. H. deSouza and Company, Rangoon, and to limit the quantity of morphia which can be imported by them at one time to 100 oz.

As there is some reason to fear that chemists and druggists in Calcutta may send consignments of morphia to Burma in ignorance of the regulations mentioned above, this notice has been issued to make the regulations known to them.

MAHANANDA GUPTA,
Superintendent of Excise Revenue, Calcutta, the Suburbs, Howrah and Bali.

Collector's Office, Calcutta, the 4th December 1905.

# THE INDIAN LAW REPORTS.

*Published in FOUR SERIES, viz.:*

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

## INDIA, WEST—BOMBAY COAST.

*Caution—Bombay harbour—Mines laid.*

*No. 494 (first publication).*—The following Notice to Mariners (No. 100 of 1905) issued by the Bombay Government is republished for general information:—

Information, dated 18th November 1905, has been received from the Port Officer, Bombay, that on and after the 1st November 1905 a practice mine-field, consisting of two areas, each 800 yards long by 500 yards wide, will be laid down in the harbour and maintained till 1st March 1906.

2. One area will be situated immediately to the E. S. E of the Middle ground and the other W. S. W. of Karanja Beacon, and the two areas will be connected by electric cable.

3. Positions of buoys marking Middle ground mine-field are:—

| | | |
|---|---|---|
| (1) Red buoy with Middle ground flag-staff bearing | ... | S 42° W., ¾ cable. |
| (2) Ditto ditto ditto | ... | N. 5° E., 2 cables. |
| (3) Black buoy ditto ditto | ... | N. 52° W., 4¾ do. |
| (4) Ditto ditto ditto | ... | N. 85° W., 4½ do. |

Positions of buoys marking Karanja Mine-field are:—

| | | |
|---|---|---|
| (1) Red buoy with Karanja Beacon bearing | ... | S. 83½° E., 4¼ cables. |
| (2) Ditto ditto ditto | ... | N. 66° E., 5 do. |
| (3) Black buoy ditto ditto | ... | N. 14° E., 3 do. |
| (4) Ditto ditto ditto | ... | N. 25° E., ½ cable. |

All bearings are true.

4. In addition the Middle ground area will have a Mark Boat moored on its Eastern face and the Karanja area a Mark Buoy on its Western face. This Boat and Buoy will mark the limits of the navigable channel between the respective areas of the mine-field.

5. The Mark Boat will be painted black, and carry by day a blue square flag and by night three lights in globular lanterns vertically, 6 feet apart, the upper two lights to be green and the lower one white.

6. The Mark Buoy will be painted in red and white checks and carry a square metal flag coloured red and white.

7. Pilots and others are warned against navigating vessels between the small buoys marking each area of the mine-field and also from anchoring within the following area:—

(*a*) *On the North.*—A line drawn from Karanja Beacon to the Yacht Club flag-staff.

(*b*) *On the South.*—A line drawn parallel to the Northern line and 3½ cables from it.

(*c*) *On the West.*—A line at right angles to the North and South boundary lines and touching the West end of Middle ground.

(*d*) *On the East.*—A line at right angles to the North and South boundary lines and passing through Karanja Beacon.

8. Any neglect to exhibit the lights, flags or buoys mentioned in this Notice, or the fact of their being out of position should be at once brought to the notice of the Port Officer.

## SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN EASTERN BENGAL AND ASSAM, FOR THE MONTH OF NOVEMBER 1905.

NOVEMBER 1905 has been a quite typical cold-weather month.

The depression that passed into the Assam Hills during the last few days of October seemed traceable into the low-pressure area that lay over Burma on the 1st and 2nd November and then gradually expanded southwards, while at the same time the high-pressure area that had appeared over the Central Provinces expanded northwards and eastwards This transition to the proper cold-weather conditions occupied the whole first week of the month. The north-east monsoon, which was flowing down from the Himalayas over the Province on the 5th, had not established itself fully in the Bay until the 7th when it was, however, abnormally strong with a steep north to south pressure gradient. During this transition period skies remained so perfectly clear that the temperature was well above normal during the day and somewhat below at night, the mean for the day being just slightly above normal. This excess of temperature continued and increased both night and day right up to the 16th. Meantime from the 10th to the 14th there had been a relapse to the very low, pressure—gradient which had characterised the transition period at the beginning of the month. On the 15th the barometer began to rise again slowly over the northern land area, and from that date forward the north-east monsoon steadily and completely established itself. The retreating monsoon gave the usual rain to South Madras, more or less all through the month, but not a drop in Bengal or Assam. From the 15th the temperature began to fall, and with the final establishment of the descensional air movement from over the Himalayas it soon became much colder than usual over the Province, especially at night. In Bihar, however, a contrary change—temperature rising above normal—took place from the 18th to the 22nd On the 23rd a similar change began in Orissa and South-West Bengal, but gave way again to defect over the whole Province on the 25th, and this coolness was maintained to a lessening degree up to the end of the month. During all this latter part of the month a typical north-east monsoon prevailed with dry winds of force only a very little less than ordinary for the season. Atmospheric conditions were slightly disturbed in the Andaman Sea from the 24th to the 27th, and then settled down again, so that there was not a single cyclonic storm during the whole month.

*Summary of Pressure.*—Pressure was slightly below normal over the whole Province for the first four days of the month. On the 5th it was just above normal in Assam, North and East Bengal, while still just below in South-West Bengal, Orissa, and Bihar. On the 6th it rose rapidly to $\frac{1}{10}$th of an inch above normal; on the 7th to $\frac{1}{7}$th, and on the 8th to $\frac{1}{5}$th, and then fell again to nearly normal on the 10th; and so on with minor fluctuations until it was steadily rather more than $\frac{1}{10}$th of an inch above normal from the 16th to the 24th, about $\frac{1}{8}$th above until the 27th, and then again $\frac{1}{10}$th for the remaining three days of the month. The average pressure for the month works out therefore to very nearly $\frac{1}{13}$th of an inch in excess of the normal average.

*Summary of Temperature.*—On the average temperature was just a trifle above normal. The highest temperature recorded during the month was 92°.4 at Chaibassa. The two lowest were, of course, from Darjeeling, 37° 5, and from Shillong, 39°.0. Next in order for low minima come Daltonganj with 45,° Cherrapunjee 48°. , and Arrah 49° 1.

*Summary of Rainfall.*—The following table gives in a condensed form the rainfall information for each of the four large meteorological divisions of Bengal for the present year up to the close of November. The numbers there given, as in the case of former months of the year, are the actual average rainfalls in each division, expressed as a percentage of the normal fall for the period, and the last column also gives the total rainfall up to the close of November, expressed in the same way:—

| METEOROLOGICAL DIVISIONS | January | February | March. | April. | May. | June. | July. | August. | September. | October. | November. | Actual rainfall of first eleven months of 1905 expressed as a percentage of the normal fall for the period. |

The only rain reporting was a few trifling showers in Orissa and even more insignificant ones in the Darjeeling hills. Hence the averages for all divisions of the Province are *nil*.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the provinces of Bengal and of Eastern Bengal and Assam, and rainfall data of each of the four meteorological divisions of the Province of Bengal for the month of November 1905:—

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected of to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

☁, dew.

## REVENUE DEPARTMENT.

### NOTIFICATIONS.

*No. 3667L.R.—The 21st December 1905.*—In exercise of the power conferred on him by section 3 of the Bengal Survey Act, V (B.C.) of 1875, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made of all lands situated within the external boundaries of the Dhalbhum estate in the district of Singhbhum, and that the boundaries of estates, tenures, mauzas and fields shall be demarcated on the lands so to be surveyed.

Singhbhum.

*No. 3668L.R.—The 21st December 1905.*—Under section 4 of the Bengal Survey Act, V, (B.C.) of 1875, Mr. T. W. Babonau, Extra Assistant Superintendent, Survey of India, is appointed to be an Assistant Superintendent of Survey in the districts of Midnapore and Singhbhum.

Midnapore.
Singhbhum.

*No. 3669L.R.—The 21st December 1905.*—Under section 4 of the Bengal Survey Act V, (B.C.) of 1875, Mr. T. W. Babonau, Extra Assistant Superintendent of Survey, Survey of India, is appointed to be an Assistant Superintendent of Survey, in the district of the Sonthal Parganas, for the survey of the portion of that district lying south of the river Ganges and north of its southern high bank.

Sonthal Parganas.

*No. 3670L.R.—The 20th December 1905.*—It appears that an application has been made by Babu Bhuban Chunder Banerji, Zamindar of Mahal Johat, pargana Mynachor, in the district of Midnapore, to the Collector of that district, praying that the Rajbundi *bund* in Hooda No. 8, pargana Moyna, in that district, which connected two Zamindari Embankments Amdia and Bansulia in the same pargana and was only 200 feet in length, might be added to the lists of Takavi Embankments in the district which were maintained by Government. The Executive Engineer, Cossye Division, after inspecting the bund, has now submitted a report to the effect that the efficient drainage of Hooda No. 8, comprising 22 villages, depended on the maintenance of that *bund* and has recommended that it should be taken charge of and maintained by the officers of Government under clause (1) of section 7 of Act II (B.C.) of 1882. It appears also that to prevent the occurrence of imminent danger to life and property, the Executive Engineer has taken immediate possession of the *bund* in accordance with an order issued by the Collector under section 25 of the Act and reconstructed it to its full section. Inasmuch as no one has objected to the proceedings taken by the Collector in response to a general notice issued by him under section 7 of the Act and he has reported his action, through the proper channel, for confirmation by Government, the Lieutenant-Governor, after considering the report and the opinion expressed by the Commissioner of the Burdwan Division and the Board of Revenue in favour of the action taken by the Collector, is pleased to declare, under section 14 of the Act, that the said Rajbundi *bund* shall be a "public embankment" under the Act.

## RULES FOR GRANTS-IN-AID TO COLLEGES IN BENGAL SANCTIONED IN BENGAL GOVERNMENT ORDER No. 2838T.—G., DATED THE 24TH OCTOBER / 7TH NOVEMBER 1905.

(1) Government from time to time sanctions grants-in-aid to colleges not under Government management, which work according to the Transfer Rules of the Department and which fulfil the conditions prescribed in the following rules.

(2) Annual grants are given in aid of ordinary recurring expenditure. Special grants are given in aid of non-recurring expenditure of a special character. Temporary grants are also given in aid of boarding establishments, in accordance with the principle laid down by the Government of India that boarding-houses and hostels should be made self-supporting, so far as recurring expenditure is concerned.

(3) Grants-in-aid are given on the principle of strict religious neutrality, and no preference will be shown to any college on the ground that any particular religious principles are or are not taught therein.

(4) Applications for grants-in-aid are made direct to the Director of Public Instruction in the case of first grade colleges and through the Divisional Inspector of Schools in the case of second grade colleges.

(5) Grants-in-aid will be given only to such colleges as require the payment of fees from their students. The fee-rates shall be fixed in consultation with the Director of Public Instruction at the time when the application for a grant is being made or renewed.

(6) Free-studentships shall not ordinarily exceed 5 per cent. of the total number of pupils on the rolls. The governing body of colleges are at liberty to admit, in addition to the 5 per cent. allowable, Muhammadans as free students up to the limit of 8 per cent. of the total number of students on the rolls, but not exceeding 12 in all. Colleges requiring special arrangements for free students must obtain the sanction of the Director of Public Instruction.

(7) The governing body of any college by whom application for a grant is made must appoint a Secretary from among themselves, or some responsible member of the staff, to conduct their correspondence with the Department. Every change of Secretary must be notified to the Director of Public Instruction under the signatures of the new Secretary and the Chairman of the governing body.

(8) Before a grant-in-aid is given or renewed, full information must be supplied on the following points, on which the amount of the grant, if given, will depend:—

(*a*) The constitution of the governing body, and the names of its members, together with their professions.
(*b*) The suitability of the buildings, their site and surroundings, accommodation for students, furniture, attached library and laboratory, lighting and ventilation of the rooms, drainage of the surrounding premises, and the efficiency of the sanitary arrangements for the students and staff.
(*c*) The pecuniary resources, permanent and temporary, on which the college will depend for support.
(*d*) The names, qualifications and salaries of the teaching staff, and the conditions governing their tenure of office.
(*e*) The average monthly receipts from fees, Government grants and other sources, and the average total monthly expenditure of the college in detail for each of the preceding three years.
(*f*) The average number of students in each class for each of the preceding three years.
(*g*) The rate of fees charged in each class.
(*h*) The results of public examinations during each of the preceding three years.
(*i*) The provision made for physical exercise.
(*j*) The extent of hostel accommodation.
(*k*) The amount of aid sought.
(*l*) The treasury at which the grant, if sanctioned, is to be payable.
(*m*) The name and the class of the college or colleges within ten miles of the Institution.

(9) Every new election to the governing body must be notified to the Director of Public Instruction under the signature of the Secretary and the member or members elected, in the case of first grade colleges, and, through the Divisional Inspector of Schools, in the case of second grade colleges. If the governing body is not considered to be sufficiently representative, the Director may suggest any necessary alterations.

(10) No grant shall be given, or, if given, it shall be withdrawn, unless the particulars given in connection with Rule 8 (*b*) are satisfactory.

(11) No new building shall be constructed for the college until the plan and estimates have been approved by the Director of Public Instruction.

(12) The appointment and dismissal of every Principal, Professor or Lecturer shall be notified to the Department. The Department shall have power to enquire into any case of removal of a member of the teaching staff

(13) No grants shall be given, unless the conditions of residence of students are satisfactory, and unless due attention is paid to this point by the authorities of the college.

(14) Any college to which aid is given, together with all its account books and other records, shall at all times be open to inspection by the Director of Public Instruction, or a senior officer of the Department who may be deputed by Government for the purpose. In the case of second grade colleges, all account books and other records shall at all times be open to the inspection of the Divisional Inspector of Schools.

(15) All receipts from whatever sources or for whatever purposes collected must be entered in the account books of the college.

(16) Any balance at the credit of the college must be employed for college purposes only, and no portion of it shall be spent for any other purpose without the previous sanction of the Director of Public Instruction.

(17) The surplus funds of the college must be placed to the credit of the college in some Bank at the end of each quarter, and the account should be made out in the joint names of the Secretary and one of the members of the governing body who will be selected for the purpose by that body.

(18) The following books shall also be kept :—

(*a*) An admission register.
(*b*) Attendance registers of Professors and students.
(*c*) A students' conduct register.
(*d*) A register of transfer certificates issued and received.
(*e*) A visitors' book.
(*f*) A book containing the proceedings of the meetings of the governing body of the college.
(*g*) A register of the progress of the students, indicated specially at periodical examinations.
(*h*) A correspondence file.
(*i*) A library catalogue.
(*j*) A stock book of scientific apparatus, chemicals, etc.
(*k*) A fee and fine collection book.
(*l*) A subscription book.
(*m*) An acquittance roll.
(*n*) A cash book.

(19) At visits of inspection, the inspecting officer shall enquire into the information supplied in accordance with the provisions of Rule 8, and also into—

(*a*) the efficiency of the teaching ;
(*b*) the state of discipline ;
(*c*) the adequacy of the professorial staff, college library, teaching appliances and equipment of laboratories ;
(*d*) the courses of study, subjects taught, routine of work and arrangements for exercises and tutorial assistance ;
(*e*) the strictness with which the college registers are kept and the transfer rules observed ;
(*f*) the degree of efficiency attained in the supervision of the hostels and messes attached to the college.

(20) Grant-in-aid colleges shall as a rule follow the rules in Government colleges in the matter of holidays. Exceptions may be made under special circumstances and with the sanction of the Director of Public Instruction.

(21) Government may claim a fair share of any balance at the credit of a grant-in-aid college at the time of its abolition, as well as of the sale proceeds of any college building or furniture towards the erection or purchase of which a grant may have been made by Government.

*Annual Grants.*

(22) Annual grants-in-aid shall not exceed in amount the sums to be expended from private sources (after excluding the fees of scholars), except in special cases, under special orders of Government.

(23) Grants will be sanctioned ordinarily for a period of three years ; but the Director of Public Instruction may, at any time during its currency, recommend the revision of any grant for reasons to be stated, and to which the college authorities shall have an opportunity of replying.

(24) The grant is payable every month or every quarter at the option of the Department.

(25) The monthly or quarterly bill in the accompanying form must be sent in duplicate to the Director of Public Instruction for countersignature, and must be accompanied by a certificate that all salaries due for, and up to, the previous month have been paid in full.

(26) The monthly bill and the certificate must be signed by the Secretary of the governing body or the Principal of the college.

(27) Salaries for service in any month become due on the first day of the following month:—

SPECIAL GRANTS.

(28) Grants may be given to the governing body of colleges in aid—

(*a*) of erecting, enlarging or furnishing college buildings;
(*b*) of executing extensive repairs; and
(*c*) in special cases, of paying off debts incurred in erecting or enlarging college buildings.

NOTE 1.—Expenditure in the purchase of buildings may be treated as expenditure in the erection of buildings.
NOTE 2.—The sum to be allotted annually for building grants to colleges will be fixed provisionally for a term of years. It will not, in ordinary circumstances, be reduced, though it may be increased for any year during that term.
NOTE 3.—Every application for a grant must be submitted to the Department not later than the 31st December, if the grant is to be admissible for sanction during the following financial year. If found to be in accordance with the rules, and in other respects deserving of support, it will be included in the list of 'approved applications.' If not so included the reasons shall be notified to the governing body.
NOTE 4.—In case of an application for a repair grant under this rule (*b*), the governing body will be required to show that the necessity for such a grant has not arisen from the neglect of current repairs in previous years.

(29) Except in the case of the foregoing rule, no grant shall be made in consideration of former expenditure in college buildings.

(30) In general the proportion of the Government contribution made under Rule 28 shall not exceed one-half of the amount guaranteed from private sources.

(31) Before a building grant is sanctioned, the site, plans, estimates, specifications, title and draft trust deeds must be approved by the Director of Public Instruction. If the college receives no monthly grant, the governing body must also satisfy the Department that it is likely to be maintained in efficiency and that it will be open to inspection.

(32) The trust-deed must declare the building to be granted in trust for college purposes only. It must also provide for the legal ownership of the premises, for the proper maintenance of the building and for the inspection and management of the college.

NOTE (1)—This rule does not preclude the governing body from using the building for other purposes, subject, if necessary, to the sanction of the Department, when not required for the purposes of the college.
NOTE (2)—When the grant does not exceed Rs 1,000, the governing body may execute a deed of acceptance in place of a trust-deed—*vide* Government order No. 584, dated the 13th November 1890.

(33) No grant is finally sanctioned until a certificate is received from the governing body setting forth that the funds in their hands will, when added to the grant, be sufficient to meet all claims and to close the account.

(34) Advances may be made from time to time out of the sanctioned grant on receipt of a report from the Public Works Department that the work is proceeding satisfactorily.

(35) The grant is not paid in full until:—

(1) a report is received from the Public Works Department or other sufficient authority that the building is satisfactorily completed;
(2) the trust-deed is duly registered and lodged with the Department.

NOTE.—"Title-deeds of property mortgaged to Government on account of building grants may, as hitherto, remain with the mortgagor,"—*vide* Government order No. 44T.—G, dated the 16th June 1890.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—

No. 1, Certificate of the opium advertised for sale;

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1904-1905, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

## Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Hooghly, subdivision Howrah, will be put up to sale at the Howrah Collectorate on the 8th January 1906, corresponding with 21st Pous 1312 (B.S.).

The purchasers will be subject to the following conditions of sale:—

*Conditions of sale.*

*1st.*—The estates to be sold to the highest bidder above the upset price which will be fixed by the Covenanted Deputy Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

*2nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

*3rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

*4th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

## Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Barun-Daltonganj Railway, in the district of Palamau, will be put up to sale at 11 o'clock on Monday, the 5th February 1906, corresponding with the 26th Magh 1313 Fusli, at Daltonganj Collectorate.

The purchasers of the several plots of land will be subject to the following conditions:—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 3 feet from its foundation.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold revenue-free to the highest bidders.

*5th.*—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

## APPENDIX XXX.

(SEE CHAPTER III, RULE 9.)

## Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Bengal-Nagpur Railway, Tamluk subdivision, in the district of Midnapore, will be put up to sale at 11 o'clock on 16th day of January 1906, corresponding with the 3rd Magh 1312, in the Subdivisional Office of Tamluk.

The purchasers of the several plots of land will be subject to the following conditions:—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway boundary, or to plough the land nearer than 3 feet from the same.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold revenue-free to the highest bidders.

*5th.*—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

## The Commissioners for the Port of Calcutta.

### NOTIFICATION.

THE following revised scale of charges for night work for shipping exports at the Dock and Jetties, framed by the Commissioners for the Port of Calcutta under section 105, Act III (B.C.) of 1890, and approved by the Local Government in letter No. 2027-Marine, dated 15th December 1905, is published for general information, in accordance with the provisions of section 107 of Act III (B.C.) of 1890:—

1. Charge for each crane per hour, covering cost of all other services rendered:—

| | Rs. | A. |
|---|---|---|
| 3 Cranes or less ... ... | 3 | 0 |
| 4 Cranes ... ... ... | 2 | 12 |
| 5 Cranes or more ... ... | 2 | 8 |

2. A vessel supplied at the Docks with Electric lights for deck and holds will be charged Rs. 7-8 from dark to midnight and Rs. 7-8 from midnight to daylight.

3. The above charges are subject to a minimum of Rs. 80 for half night, but if more than one vessel is working at night, the sum of their charges may go to make up the minimum. For instance, if two vessels were working one crane each for six hours on export cargo, then the charges under the schedule would be for each vessel Rs 18, but under this minimum rule they would each have to pay Rs. 40. If only one vessel is working, she must pay not less than Rs. 80 for the half night.

By order of the Commissioners,
C. KILLICK,
Acting Secretary.

## INDIA, WEST—Bombay coast.

*Caution—Bombay harbour—Mines laid.*

*No. 494 (second publication).*—The following Notice to Mariners (No. 100 of 1905) issued by the Bombay Government is republished for general information :—

Information, dated 18th November 1905, has been received from the Port Officer, Bombay, that on and after the 1st November 1905 a practice mine-field, consisting of two areas, each 800 yards long by 500 yards wide, will be laid down in the harbour and maintained till 1st March 1906.

2. One area will be situated immediately to the E. S. E. of the Middle ground and the other W. S. W. of Karanja Beacon, and the two areas will be connected by electric cable.

3. Positions of buoys marking Middle ground mine-field are :—

| | | | | | |
|---|---|---|---|---|---|
| (1) | Red buoy with | Middle ground | flag-staff | bearing ... | S. 42° W., ¾ cable. |
| (2) | Ditto | ditto | ditto | ... | N. 5° E., 2 cables. |
| (3) | Black buoy | ditto | ditto | ... | N. 52° W., 4¾ do. |
| (4) | Ditto | ditto | ditto | ... | N. 85° W., 4¼ do. |

Positions of buoys marking Karanja Mine-field are :—

| | | | | | |
|---|---|---|---|---|---|
| (1) | Red buoy with | Karanja Beacon | | bearing ... | S. 83½° E., 4¼ cables. |
| (2) | Ditto | ditto | ditto | ... | N. 66° E., 5 do. |
| (3) | Black buoy | ditto | ditto | ... | N. 14° E., 3 do. |
| (4) | Ditto | ditto | ditto | ... | N. 25° E., ½ cable. |

All bearings are true.

4. In addition the Middle ground area will have a Mark Boat moored on its Eastern face and the Karanja area a Mark Buoy on its Western face. This Boat and Buoy will mark the limits of the navigable channel between the respective areas of the mine-field.

5. The Mark Boat will be painted black, and carry by day a blue square flag and by night three lights in globular lanterns vertically, 6 feet apart, the upper two lights to be green and the lower one white.

6. The Mark Buoy will be painted in red and white checks and carry a square metal flag coloured red and white.

7. Pilots and others are warned against navigating vessels between the small buoys marking each area of the mine-field and also from anchoring within the following area :—

(*a*) *On the North.*—A line drawn from Karanja Beacon to the Yacht Club flag-staff.

(*b*) *On the South.*—A line drawn parallel to the Northern line and 3½ cables from it.

(*c*) *On the West.*—A line at right angles to the North and South boundary lines and touching the West end of Middle ground.

(*d*) *On the East.*—A line at right angles to the North and South boundary lines and passing through Karanja Beacon.

8. Any neglect to exhibit the lights, flags or buoys mentioned in this Notice, or the fact of their being out of position should be at once brought to the notice of the Port Officer.
